## LOUDER THAN WOLVES CHARITY EVENT

Tim Meunier is a very active producer in the Sacramento area, putting on an average of 12 shows per year. These shows include the Colonial Theater's four live shadow renditions of "The Rocky Horror Picture Show" and several short film festivals in the cult classic and horror genres across different parts of the city. His events allow Sacramento's artists, performers and film makers to connect with the

greater Sacramento community and drive the ever-growing Sacramento art scene. All of Meunier's previous fund raising events were directed at funding the various festivals and performances throughout the year, but for the first fund raising event of 2017, set to occur on January 28th, he wanted to reach out and help a local charity, and in the process bring to light an issue that hits close

to home for many of us. The event was properly named Louder Than Wolves, and was hosted by the Historic Colonial Theater in Sacramento and was produced with the help of performer, aerial instructor and friend Rebel Rose, who works with Momentum Dance and Fitness center in Davis and is also the director of aerial arts at Med+Fit Carmichael.

"The reason I threw this fundraiser was because nearly all the important people in my life have been directly affected by sexual assault. I was sick of people like Brock Turner and the system that allowed him to serve such a vanilla sentence. I'm not a politician. I wanted to use my skill set as a promoter to do something about this culture of rape that many deny exists." Tim

said.

Tim's lineup for the evening included short films made by local directors and actors, aerial and dance performances, spoken word and poetry, musical pieces and moving personal stories from victims of assault, both men and women. Some 17 acts took the stage throughout the night, with hosts Jamie DeWolf and Jaz Sufi. With 100% of both admission and silent auction sales being donated to WEAVE, Tim boasted that over two thousand dollars had already been collected in just the cash donations alone, and that the credit card donations were still being counted and would greatly increase the total. Many of the artists were also selling goods after the show, with their profits also being donated to WEAVE.

"I wanted to produce an event that celebrated survivor strength, to give voice to those who stayed silent too long, and to hopefully inspire hope and change while benefiting a charity that is proactive in helping the community in regards to surviving sexual assault. I wanted to create a safe place, even if it was for only one evening, for male and female survivors to potentially heal and be celebrated." Said Meunier.

Tim has another charity event in the works for this year, the details of which are still being worked out. The Louder Than Wolves charity event is expected to return in 2018 for another drive to benefit WEAVE and can be found on Facebook.

## BELoved BROTHER

**Dustin "D" Patrick Merrill**

**February 22, 1989 - December 2, 2016**  
**Dustin "D" Patrick Merrill** left us peacefully at his home in North Ogden Utah, the early morning of December 2, 2016, with his wife by his side, with his dad near by. Dustin was born on February 22, 1989 in Sacramento, California. Where he spent most of his childhood playing baseball. Dustin moved to Utah in his late Teenage years. Working at several jobs in Utah, He settled down where he became a self-taught Diesel Mechanic at the Ogden Utah, Boss Shop. He married the love of his life Janie Hilton on December 14, 2014. As many of you know, Dustin had been battling cancer for almost 3 years. He put up one hell of a fight, but the cancer was too aggressive and spread all over his abdomen, taking over his intestines and attaching to other organs and his lymph nodes. Dustin was a loving husband, dad, son, brother, and friend. He always helped others and would give the shirt off his back without question. His charm and smile enlightened the lives of so many. He was their rock and support system. He will be missed far more than words can explain. Dustin is survived by his wife, Janie Mae Hilton, his daughter Kaydance Merrill, his mother, Shelly Becker (Utah), father, Monte Merrill (Orangevale), his grandparents, 5 brothers, 3 sister and a multitude of cousins, aunts, uncles and every friend he's touched.

### SENATOR GAINES INTRODUCES BILL TO HELP BUSINESSES SAVE MONEY

SACRAMENTO – Senator Ted Gaines (R-El Dorado) today announced Senate Bill 13, which will provide much-needed tax relief to the manufacturing, research and development, software and agricultural industries by expanding an existing sales and use tax exemption.

“Small businesses are the backbone of California’s economy and we need to do everything we can to make sure they capitalize on any available tax break,” said Senator Gaines. “I will continue to push for lower taxes and simpler, less burdensome regulations to let employers know that California is open for business in order to get our economy back on track.”

Existing law allows manufacturers and research and development companies

a sales and use tax exemption for their qualifying tangible personal property purchases up to \$200 million a year. This includes property such as machinery and equipment used for manufacturing activities. Property that is considered to have a useful life of less than one year is excluded.

Senate Bill 13 seeks to expand the definition of businesses eligible to receive this exemption by including software publishers and others who conduct agricultural business activities. It will also increase the annual property purchase limit from \$200 to \$500 million a year. Finally, it will define property as having a useful life of one or more years if the property includes a warranty for one or more years.

Senator Gaines introduced this bill on the heels of recent reports indicating that the existing tax exemption has been severely underutilized.

Since its inception on July 1, 2014 through September 30, 2016, businesses utilizing the exemption were only 21 percent of the original estimates made by the Department of Finance and Board of Equalization.

“My hope is that by clarifying and expanding the exemption, that more businesses will be able to take advantage of it,” said Senator Gaines. “Businesses should be rewarded for their contributions to our state, not continually penalized at every turn. I’m going to let them keep more of the money they earn instead of shipping it to an unaccountable Sacramento.”

Senator Ted Gaines represents the 1st Senate District, which includes all or parts of Alpine, El Dorado, Lassen, Modoc, Nevada, Placer, Plumas, Sacramento, Shasta, Sierra and Siskiyou counties.

## LETTERS TO EDITOR

Orangevale Recreation and Park District?

Orangevale residents: Representative democracy is a form of government founded on the principle of elected individuals serving a group of people. The more I read the more I learn about our recreation and park district, and what it should be. Orangevale Recreation and Park District is not the recreation and park district that was promised to us. Orangevale Recreation and Park District is fundamentally a self-serving authoritarian local government!

In 1983 Sacramento County Supervisors reorganized Orangevale Recreation and Park District specifically for Orangevale residents and to provide for their recreation and park needs. It was reorganized by County Supervisors (RESOLUTION

NO. 83-1084) by a vote of Supervisors Bryan, Collin, Johnson; Ayes. Smoley, Sheedy; Noes.

County Supervisors held a public hearing (August 16, 1983) to hear all written and oral protests. If 25% of Orangevale residents opposed the reorganization, the matter of the reorganization would be put on the ballot for a public vote, only by Orangevale voters. Two (2) Orangevale residents opposed the reorganization.

Orangevale residents: After 33 years you will find no public records from Orangevale Recreation and Park District concerning the “true purpose” for the reorganization of Orangevale Recreation and Park District by County Supervisors. The District’s 2009 (SAC-LAFCo) Municipal Service Review does not include our District’s

reorganization or history. Orangevale Recreation and Park District does not include Orangevale residents on its Organizational Chart.

Orangevale residents: We could have the recreation and park district that was promised to us, but we don’t. It’s the District Administrators District. It’s the Board of Directors District. It’s their lawyer’s District. Fundamentally it’s an authoritarian local government!

Orangevale residents: It’s past the time that we should have the recreation and park district that was promised to us. My e-mail: eyewatchspecialdistricts@mail.com

Sincerely,  
Terry Benedict  
A 47 year Orangevale resident

## REAL ESTATE NEWS

### Spring Market Is Looking Good

The Spring real estate market is almost here which means it's all good news for both sellers and buyers in the coming year. The sellers will finally have some breathing room financially & the buyers will have more choices of what to purchase. Even though prices have been increasing, the inventory of homes has been low. So many buyers have been out-bid or out-numbered when it came to having their chance at purchasing a home in the last couple of years but the experts are predicting that

there will be more inventory this year than we've seen in the past. More listings mean more choices for buyers.

Prices have steadily been climbing and continue to do so. This means a home owners' equity is too; which will give them more money to use when purchasing another home. Locally & nationwide, the numbers are up according to The National Association of Realtors.

The numbers to substantiate that statement are coming in from all over & it looks like it's going to be a great spring for selling and buying homes. They report that sales have been up continuously for almost three years now.

Another positive sign of the market picking up is that it's estimated that 'Baby Boomers' are turning 65 & will continue to downsize for quite some time.

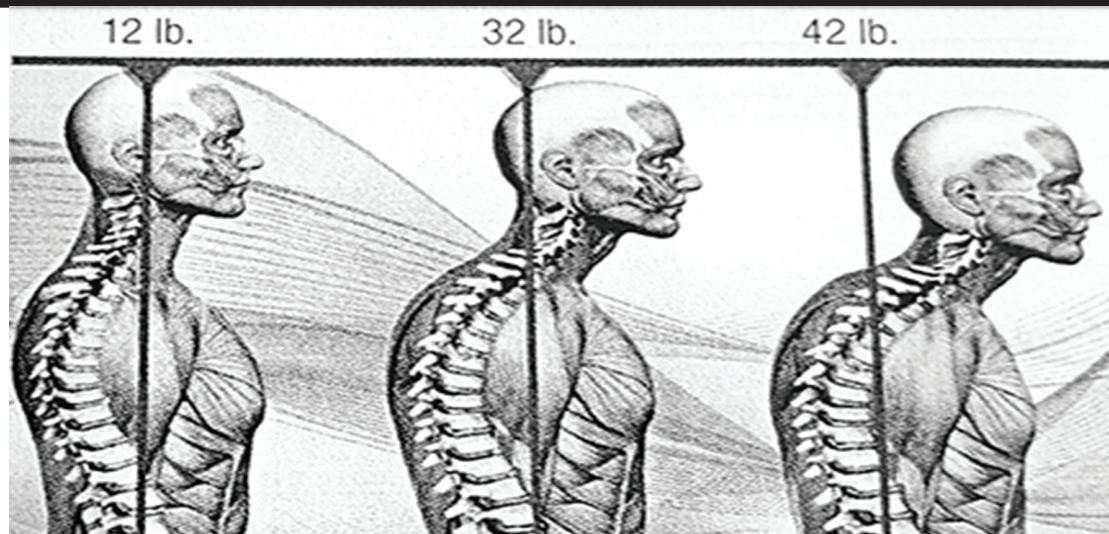

Whether you're thinking of selling or buying, you should always entrust the help of an experienced real estate professional. Your agent will help you determine, based on the current trends, what a good selling or purchase price would be for you.

## TAKING THE WEIGHT OFF

### TAKING THE WEIGHT OFF

The head that sits upon our shoulders, should sit so our ear is over our shoulders. A majority of us carry a forward head, where the ear may be inline with our collar bone. Every inch our head sits beyond our shoulders adds 10 lbs of added weight to our cervical spine. This can stress our tendons, ligaments, muscles and fascia.

With so many hours spent working at a computer and looking down to read, this adds wear and tear on our cervical joints and connective tissue. Slowly whittling away at our uprightness.

Help yourself when reading or using a tablet by propping it up on a pillow. If working on a laptop, bring it closer to your body. Look out, and not down. You can also do neck stretches every 50 minutes to keep your joints hydrated. Start by tilting left then right, look left then right. Make side to side neck rolls, shoulder rolls and arm circles. These steps can help to prevent upper back tightness and headaches.

# Orangevale Cooks

by Suzanne Feblowitz

Chili is an easy to cook dish that you can use for several meals. It makes a great main dish with a side salad and then if you have leftovers, you can use it for chili dogs at your next meal. If you would like to share a favorite recipe, please send a copy to Suzanne Feblowitz at the Orangevale View ([editor@ovview.com](mailto:editor@ovview.com)). Be sure to include your phone number or email with your recipe in case we need to contact you. If you wish to remain anonymous, just let us know and we will omit your name.

**Mushroom Chili**  
1 lb. ground beef  
2 cups chopped onion  
1 bell pepper, chopped  
3 cloves garlic, minced  
2 cans (16 oz. each) diced tomatoes  
1 can (15oz.) kidney beans, drained and rinsed  
1 lb. fresh mushrooms,

quartered or smaller if using large mushrooms  
1 cup Pace Picante Sauce or your favorite salsa in a jar  
2 tablespoons chili powder  
2 teaspoons ground cumin  
1 ¼ teaspoon salt  
¾ teaspoon oregano

In a large saucepan or Dutch oven, brown ground beef with onions, pepper and garlic; drain the fat. Add remaining ingredients; mix well. Bring to a boil. Reduce heat, cover and simmer 30 minutes, stirring occasionally. Serve with tortillas and top with sour cream, shredded cheese, avocado and chopped onion. This makes about 9 one cup servings, so it feeds a family of 4 with lunch or chili dog leftovers.

**CHALLENGER DIVISION**  
The Challenger Division is a program for developmentally and physically challenged youth, helping them to enjoy the full benefits of Little League participation in an athletic environment structured to their abilities.

More than the skills of baseball learned through the experience, the value of the Little League Challenger Division is found in the proven therapeutic and socialization benefits of participating in sports; the strengthening of participants' self-esteem; the opportunities to mainstream into other divisions and play and the disciplines of teamwork, sportsmanship and fair play, which are hallmarks of the Little League program.

The Little League Challenger Division provides the framework so Little League programs may offer a structured, athletic activity for all youth in their communities. Playing with the same equipment on the same

fields, Challenger Division participants have the opportunity to experience the joys of pulling together as a team, being cheered and earning awards for their achievements. The most fundamental reason for the Challenger Division is to give everyone a chance to play.

For more information on the Challenger Division in our League please contact Brady Vogt at [Safety@fovll.com](mailto:Safety@fovll.com) \*Fair Oaks/Orangevale Little League is a non-profit organization. Drum Roll please, this notice just received...

Kathleen Schultz has received the "Certified Professional Groomer" (CPG) designation and "Salon Certified" status with International Professional Groomers Inc (IPG). Kathleen Schultz has successfully demonstrated her abilities and skills through testing and independent evaluations relating to the handling of pets during the grooming process. This certification is an earned recognition of safety knowledge, compassionate treatment and humane handling of the pets in her care. The IPG sets industry standards for pet and staff safety, health, sanitation and groomer ethics. The education and testing involved in becoming a Certified Professional Groomer is designed to meet or exceed the standards created by the PPGSA (Professional Pet Groomer and Stylists Alliance), a grooming alliance of certifying agencies, educators, association and industry leaders and other interested parties. PPGSA has created a living document that provides a foundational set of standards to ensure the safe care of pets while in grooming salons. IPG proudly uses the standards as a part of its certification process, across the country and around the world, and we

welcome Kathleen Schultz as a fellow groomer who has met the standards and is committed to our motto of "be the difference for them." Linda Easton President of IPG. Congratulations!

And now, a message from Kathleen ...

...Sorry I missed you in January. I hope everyone had a great holiday. As you can see from the above I have been a little busy. I'm definitely excited to announce my salon being certified through IPG. This is a huge accomplishment for me and my salon. I believe that as a professional dog groomer and salon owner we should set our standards high. Being in this industry for 9 years and recognizing that there are no pet grooming regulations, I realize you have to have the drive, passion and continuous development to differentiate yourself

from the competition.

As a Certified Professional Groomer, I'm committed to the ongoing training and education necessary to stay current with the industry and thereby provide the best of care, grooming and safety for the pets entrusted to me by my clients. But this is not a "one-woman show." The salon includes a small team of caring associates who work together to provide the best of service and care available in a grooming salon and to assure it is a well maintained and sustainable undertaking.

But it's time to get back to studying to become a master groomer. So "tata" for now. As always, if you need a grooming or bathing appointment for your furry friends please give us a call at the number below, or feel free to visit and check us out.

## ESKATON WINS TWO PRESTIGIOUS AWARDS FOR FOOTBALL-THEMED NO FALLS LEAGUE VIDEO

Eskaton, a nonprofit community-based organization serving seniors throughout Northern California, receives two MarCom awards for its No Falls League video, which has received over 100,000 views and national attention.

Eskaton was recently recognized with two MarCom Platinum awards in the Non-Profit and PSA categories for its No Falls League video, in which members of its Fall Prevention League show their peers how to have fun while exercising and preventing falls. "We are grateful to be recognized in our continual efforts to raise awareness of falls prevention and ongoing efforts to transform the aging experience," said Sheri Peifer, Senior Vice President at Eskaton.

The award-winning concept for the No Falls League video was spearheaded by Lola Rain, Director of Digital Media at Eskaton, Therese ten Brinke, Special Initiatives Project Manager, and Christy Barry, Fitness & Wellness Coordinator. Inspired by football season, they created Eskaton's Fall Prevention team comprised of residents from multiple communities who proudly wore jerseys promoting their ages. "NFL season happens to coincide with Fall Prevention

and Awareness Month," said Peifer.

The No Falls League video was a dedicated, joint effort between Eskaton staff and the residents ages 67 to 95 who starred in the fall prevention video. "I am proud of each of the participating residents, as they have worked so hard in our exercise classes to reduce their own fall risk and they volunteered to be part of the effort to help others reduce their fall risk, as well," added Peifer.

Since its release, the No Falls League video has received over 100,000 views and continues to grow as more people learn about Eskaton's fall prevention efforts, which include exercises, a downloadable fall prevention checklist and community efforts to ensure that every Sacramento area senior has access to the resources they need. "Our video competed against 6,500 entries from throughout the United States, Canada and 17 other countries," concluded Peifer. "Numerous Fortune 500 companies and world-famous organizations have won these prestigious MarCom awards."

## AUTHOR & TAX ADVOCATE KATHY HILL SPEAKS AT CHAMBER LUNCHEON PUBLIC WELCOME

Kathy Hill grew up as a pastor's kid spending time in Colorado and California. She worked her way through business as a successful home based Tupperware lady, to the CEO and founder of a national tax resolution company, Tax Tiger, and along the way she inspired, motivated, and produced incredible results. Her story is balanced with her unwavering faith in God, and what His place in your growing business should be. Trial after trial, success after success, nothing seemed to stand in

the way of a business backed by God, nor would it stop that train from moving forward. Kathy has also written a book about her journey that will most certainly change your outlook on business today, and what the future should hold.

Some of the most successful CEO's and companies alike, are headed by individuals with strong and unwavering faith, morals, ethics, and care for others. Kathy's story will inspire you and your business.

He has led international delegations with the embassy in Argentina and in Jan 2009, he participated in a three week visit to Chile to work with world-

renowned Judge Juan Guzman on civil-military relations. Judge Guzman invited LtCol DiGiacomo back in July 2009 to lead a group of Service Academy cadets (USFA, USMA, USNA) and Tufts University students during a seminar to prepare a new generation of critical thinkers, ready to act as global citizens in addressing the world's most pressing problems. Prior to starting his studies at NPS, LtCol DiGiacomo was the only U.S. Air Force Experimental Test Pilot qualified in both the B-2 and B-1 bombers at Edwards AFB where he tested new weapons and systems for over 5-years.

LtCol DiGiacomo entered the Air Force as a "distinguished graduate" of the Air Force ROTC program from the University of Southern California in 1997. After graduating from pilot training, his operational assignments were as a B-1 instructor pilot where he flew combat missions in support of Operation Enduring Freedom. LtCol DiGiacomo saved a downed helicopter crew during one of his

combat missions by providing aerial support and performing high speed-supersonic runs over the enemy...buying enough time for the crew to be extracted. He received the Combat Action Medal for his heroic work rescuing the crew. Shortly after his return from combat, he was accepted into the U.S. Air Force Test Pilot School class 03B. Upon graduation, LtCol DiGiacomo was selected to start training in the B-2 Spirit where he became the only Air Force pilot qualified in both the B-1 and B-2 bombers. LtCol DiGiacomo was also nominated by the USAF in 2012 to NASA's Astronaut nominating program as a potential Astronaut candidate. LtCol DiGiacomo is a senior pilot with more than 3,000 hours of flying time in over 40 different types of aircraft.

In honor of his career, his Dad, Tom DiGiacomo, will be hosting a retirement party in Granite Bay on March 4, 2017. Please contact Tom at [tomagent@tomdigiacomo.com](mailto:tomagent@tomdigiacomo.com) and he can send you an official invite.
