RED WHITE & BLUE FUN RUN A HUGE SUCCESS

Thank you to Assemblyman Kevin Kiley and Senator Ted Gaines for your continued support of women veterans. So awesome that you both ran in our Women Veterans Fun Run

On May 19th Women Veterans Alliance held their Inaugural Red White & Blue Fun Run at Orangevale Community Park where the run started and finished. Runners, walkers, dogs and strollers made their way through the local streets with many residents cheering them on and waving American flags.

The event drew over 100 participants kicked off at 9am with Casa Robles ROTC Color Guard presenting the colors and local recording artist Ashley Bannon singing the National Anthem. Senator Ted Gaines and Assemblyman Kevin Kiley who our proud

supporters of veterans, made opening remarks and presented certificates of recognition to the President and Founder of Women Veterans Alliance Melissa Washington and to the 3 top fundraisers: Gunny Kirkwood, Maya Washington and Kathy's Klan. Senator Gaines and Assemblyman Kiley joined the runners. In addition to the run there was free admission "Fun in the Park" that had music, kids zone, food trucks, and plenty of vendors. The kids loved the Sac Metro Fire Truck and the garbage truck from Waste Management.

Women Veterans Alliance partnered with Orangevale Chamber Commerce and All Events Management for this Inaugural event. Over Orangevale's newest mascot was on hand to cheer on the runners. "It was great to see the residents along the route cheering everyone on and we truly appreciated their patience as streets had to be temporarily blocked for a short time that morning" said founder of Women Veterans Alliance Melissa Washington. Washington a Navy Veteran shared that most do not realize that over 2 million women veterans have served our country and this number is rapidly growing. In addition over 200,000 women who are currently defending our freedom at home and abroad.

As a society, when Veterans are thought of women almost never come to mind. In 2015 she started a local networking group for women veterans, which is now the largest and fastest growing professional women veterans networking organization. With 7 chapters throughout the state of California and expanding nationally. The Fun Run was held to bring awareness that women have served and to raise money to assist women veterans start or expand their business and to fund their attendance at professional conferences. At current press time the participants have raised over \$15,000 with donations for the run accepted until May 31st. Donate here: www.WomenVeteransFunRun.com

APATHETIC?!

“Why are youth not involved in government?” This question was asked at a senator’s morning community coffee a few weeks ago. After giving a possible reason, the senator answered this question to a room filled with over sixty grandparents, “No young people are here today because they are apathetic.” The ladies sitting near me whispered, “You’re here. Doesn’t the senator realize that young people go to school and work?” After hearing his answer, I walked out. One of the senator’s office staff had a surprised look on his face as he opened the door for me.

Often this topic is brought up at government meetings, showing that people notice an absence in society. Before this year, I too used to wonder why several of my peers were uninterested in politics. Now, since going to more community meetings and beginning a legislative project, I am mocked and not taken seriously. Although such conduct is damaging to youth involvement, actions can be taken to turn this around.

Let’s consider the possibility of my peers not knowing how to become involved in their community, instead of saying they are apathetic.

Youth not invited

Many of the community coffees are held during school hours, well publicized for senior citizens and where retired people hang out. With this information, it is no surprise that at many meetings the majority of the guests are senior citizens. When I asked how these attendees hear about the events, they say they received a mailed invitation. If government officials take the time to invite senior citizens, how much more effort is it to contact my generation?

After a county supervisor meeting, an older lady ran up to commend me for being the only young person there. She told me that she and her friends were debating on whether I was there for a homework assignment or because I wanted to be. Going out of her way to learn if I truly cared was a step that more people could take to encourage youth who do have political interest.

Youth not taken seriously

While being a part of a legislative proposal and introduction is an

exciting new experience, to be heard and taken seriously is an uphill job.

On the first day of session, I walked around to several senate and assembly offices with some friends to express concern about an education safety issue. Following this up a week later, I delivered a legislative proposal to these offices.

Once we found an author, I called the offices I visited to request their interest in coauthoring the bill. They said, “We will get back to you.” I have yet to receive a call. If young people are important to the legislative process, why don’t their representatives respond to them?

Laughed off the phone

When calling to share with my senator’s office that an author for the proposal was found and that I wanted my senator to coauthor the bill, I was laughed off the phone. My generation can overcome this and find the kind politicians who are out there.

Assemblyman interested in youth

Assemblyman Kevin Kiley has an internship program which successfully encourages youth to become involved in their local government. These high school and college students experience campaigning, learn about their district and what it is like to work in a legislature’s office.

Assemblyman Kiley stands for and believes youth can be genuinely interested in their community.

I called Assemblymember Kiley’s office to schedule an appointment to share my concerns about an issue with one of his capitol office staff. A few hours after the appointment was set, I received a phone call informing me that he wanted to meet with me personally. On the first day of session, Assemblyman Kiley left the session early for the meeting. He is an admirable representative to reach out to youth more so than any I’ve previously met, or currently know of.

Youth are an investment

The ability to relate to young people can become an opportunity. While a minor cannot yet vote themselves, they have influence on several family members who can. Valuing youth can be a multiple interest investment.

Someday, the government will be on the shoulders of my generation. Until then, will politicians continue to ignore and undervalue us? You and I can be the change we need to see in others.

Emmett Koppe is a college sophomore on a mission for an education safety issue.

COMMUNITY PARK MASTER PLAN WORKSHOP & SURVEY

The Orangevale Recreation & Park District wants to know what future improvements you would like to see at the Orangevale Community Park. The District will hold a community workshop on Thursday, June 7th at 6:30 p.m. at the Orangevale Community Center to discuss the Orangevale Community Park Master Plan. Draft plans for the park will be presented and

comments will be taken on all areas of the park. In addition, you can participate by completing two surveys. The first is a survey regarding the disc golf course and the second survey asks for what future improvements you would like to see at Orangevale Community Park. The surveys are available on the District’s website at www.ovparks.com or at the District Office.

Hello everyone, I hope this finds everyone well and happy. Got on two lakes this month. Folsom and Lake Natoma. Folsom Lake is almost full and with the high water lots of the willows are now covered and that's where the bass are. The water is also very clear allowing you to visually spot them. Gotta remember that if you can see them they can see you and they become spooked very easy.

I typically present a Yamamoto Sinko in blue or red hooked in the center and make long casts to the edges of the willows. back water cuts and I really don't like to catch them when they are bedding. It is really fun however to see them so close and how they guard their nests. It's wear the sun protection time so I'll be tossing that out each article.

Lake Natoma is a kayakers dream as it's a 5mph or slower lake. It does fluctuate a lot depending on releases from Folsom Lake. I found bass spawning inside the

Be safe, have fun, and share some time on the water with a friend.

Seniors: Adriana Bridges, Alyssa Aguado, Chloe Teese, Head Coach Rich Reynolds, Makenzie Sherrill & Courtney Bossman

By the time this article is printed, it will all be over. The championship game was May 23 and these girls may have been there, may be champions or maybe have taken a loss and are done with their season. But let's rewind to the beginning which began in February: off to a great start, working hard, and getting to know each other. Rain puts a damper on quite a few games in March, but they were able to make them up in April. The beginning of May brought us a new permanent homerun fence, thanks to all the donations and support of our families, JV and Varsity. Then Senior Day arrives with 5 seniors: Adriana Bridges, Alyssa Aguado, Chloe Teese, Courtney Bossman, and Makenzie Sherrill, who will each be playing softball at a college of their choice.

The team went undefeated in the Capital Athletic League with a 10-0 record. All League first team

consists of Faith Matis, Lexi Detwiler, Alex Allen, Ashley Jarman, Adriana Bridges and Chloe Teese who was also named Pitcher of the Year. As well as Chloe Teese and Adriana Bridges being nominated for the Optimist team. We will hoping to place a Champions picture in the next edition but know that these young ladies will

have done their best to "ENJOY THE JOURNEY" for this 2018 year. It will be in its Final Chapter as this will be Head Coach Rich Reynolds last season at Casa Roble (I am sure we will still see him around but we wish him the best). By: Roxanne Marderos

RESOLUTION NO. 18-05-594

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE ORANGEVALE RECREATION AND PARK DISTRICT APPROVING THE RESOLUTION OF INTENTION TO LEVY ASSESSMENTS FOR FISCAL YEAR 2018-19, PRELIMINARILY APPROVING THE ENGINEER'S REPORT AND PROVIDING FOR NOTICE OF HEARING FOR THE ORANGEVALE LANDSCAPING AND LIGHTING ASSESSMENT DISTRICT (OLLAD)

WHEREAS, the Board of Directors (the "Board") of the Orangevale Recreation and Park District, County of Sacramento, State of California, has previously ordered through Resolution 92-06-51 the formation of an assessment district pursuant to the provisions of the Landscaping and Lighting Act of 1972 for the purpose of financing certain park and recreation improvements and refurbishments as specified in the District's updated Master Plan and for the purpose of funding maintenance operations of the District; and WHEREAS, the Board, through Resolution 92-06-51, has ordered that the park and recreation improvements specified in the Engineer's Report dated March 26, 1992, be constructed, and has estimated that the cost of such proposed park and recreation improvements is greater than can be raised from a single annual assessment, and has ordered that the estimated costs of these improvements be raised by an assessment levied and collected in annual installments over a period of 20 years, commencing in fiscal year 1992-93 and ending in fiscal year 2012-13 and then continued from year to year as necessary to fund other capital, maintenance and other needs;

NOW, THEREFORE, BE IT RESOLVED, by the Board of Directors of the Orangevale Recreation and Park District, County of Sacramento, State of California, that:

1. On July 17, 1991, by its Resolution No. 816, this Board ordered the formation of and levied the first assessment within the Orangevale Recreation and Park District Maintenance Assessment District 1991 (the "Assessment District") pursuant to the

provisions of the Landscaping and Lighting Act of 1972.

2. On March 8, 2018 this Board adopted Resolution No. 18-03-591, A Resolution Directing Preparation of the 2018-19 Annual Report for the Orangevale Recreation and Park District Maintenance Assessment District. Pursuant to this resolution, SCI Consulting Group, the Engineer of Work, prepared a report in accordance with Article XIII D of the California Constitution and Section 22565, et seq., of the California Streets and Highways Code (the "Report"). The Report has been made, filed with the Clerk of the Board and duly considered by the Board and is hereby deemed sufficient and preliminarily approved. The Report shall stand as the Engineer's Report for all subsequent proceedings under and pursuant to the foregoing resolution.

3. It is the intention of this Board to levy and collect assessments within the Assessment District for fiscal year 2018-19. Within the Assessment District, the existing and proposed improvements, and any substantial changes proposed to be made to the existing improvements, are generally described as installation, maintenance and servicing of public recreational facilities and improvements, including, but not limited to, turf and play areas, landscaping, ground cover, shrubs and trees, irrigation systems, drainage systems, lighting, fencing, entry monuments, basketball courts, tennis courts, gymnasium, running tracks, swimming pools, other recreational facilities, security patrols to protect the Improvements, graffiti removal and repainting, and labor, materials, supplies, utilities and equipment, as applicable, at each of the locations owned, operated or maintained by the Orangevale Recreation and Park District.

4. The Assessment District consists of the lots and parcels shown on the boundary map of the Assessment District on file with the Clerk of the Board of the Orangevale Recreation and Park District, and reference is hereby made to such map for further particulars.

5. Reference is hereby made to the Engineer's Report for a full and detailed description of the improvements, the boundaries of the Assessment District and the proposed assessments upon assessable lots and parcels of land

within the Assessment District. The Engineer's Report identifies all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed.

6. The assessments are not proposed to increase from the previous year's assessments. The Board of Directors declares its intent to levy and collect assessments for the fiscal year 2018-19 within said district at an assessment rate of \$3.50 per month or \$42.00 per year per single family residential parcel, apartment unit and/or condominium; a lower rate of \$3.08 per month or \$36.96 per year per each mobile home unit or per one-quarter acre parcel devoted to commercial use; and a rate of \$1.40 per month or \$16.80 per year per one-quarter acre for parcels devoted to industrial or mini storage use, all as set forth in the benefit chart included in the Engineer's Report.

7. Notice is hereby given that on June 14, 2018, at the hour of 6:30 p.m. at the District offices of the Orangevale Recreation and Park District, 6826 Hazel Avenue, California 95662, the Board will hold a public hearing to consider the ordering of the improvements and the levy of the proposed assessments.

8. Prior to the conclusion of the hearing, any interested person may file a written protest with the Clerk of the Board, or, having previously filed a protest, may file a written withdrawal of that protest. A written protest shall state all grounds of objection. A protest by a property owner shall contain a description sufficient to identify the property owned by such owner. Such protest or withdrawal of protest should be mailed to the Orangevale Recreation and Park District, 6826 Hazel Avenue, California 95662.

9. The Clerk of the Board shall cause a notice of the hearing to be given by publishing a copy of this resolution once, at least ten (10) days prior to the date of the hearing above specified, in a newspaper circulated in the Orangevale Recreation and Park District.

The Wrong Home Listing Price Can Cost You Time & Money

If you're listing your home for sale, the price you list your home is very important. If you overprice your home from the start, you will have fewer showings & possibly no offers. Agents & potential buyers often feel they cannot bridge the gap to a reasonable purchase price. If you do not have offers within a certain time frame, it becomes painfully obvious that the home is almost certainly overpriced. When your listing exceeds the average 'Days on Market' for the area, it is less likely you will receive offers at your

current list price.

An experienced real estate professional will prepare what is called a CMA, Comparative Market Analysis, for their sellers to use for evaluating a list price. Using similar recently sold homes in the area, noting the differences in those properties & your home, an average sold price per square foot is calculated to create a baseline price. Adjustments are then made for items that set your home apart from the others, whether those would raise the price OR lower the price. These adjustments are differences that buyers may or not be willing to pay for in your home. Remember your love of the home, upgrades you chose,

or features in your home are not always going to translate to money. After the CMA calculations, the seller then has to then take into consideration repairs or credits that are often part of the inspection & negotiating process, which may erode the sellers bottom line. Setting the price too low is also a problem. Yes, you may get a bidding war, however the offers may never reach the higher price point the seller would ultimately like to obtain.

Work with a real estate professional who will do a thorough job on the CMA from the start, giving you true actual current market data, not just saying a price a seller wishes to hear. Then go to market with your home that reflects present market values.

Orangevale Cooks 

by Suzanne Feblowitz

I have mentioned many times how I am always looking for new recipes! This time, I was scanning the staff room at Ottomon Elementary and I happened upon a tasty looking lunch from the first grade teacher, Nicolette Pulley. She was eating a yummy looking pasta dish and she gave me the recipe! She is a busy mom and a busy teacher and this recipe was an easy-to-make recipe. Make this recipe before the weather gets too warm!

If you would like to share a favorite summer or warm weather recipe, please send a copy to Suzanne Feblowitz at the Orangevale View (editor@ovview.com). Be sure to include your phone number or email with your recipe in case we need to contact you. If you wish to remain anonymous, just let us know and we will omit your name.

CHICKEN ALFREDO BAKE

- 1- 16 ounce package uncooked pasta- rotini
- 1-22 ounce jar Alfredo sauce
- 3 cups chicken stock (base or broth)
- 2 cups cooked chicken, diced (rotisserie or any cooked chicken)
- 2 teaspoons minced garlic
- 2 cups shredded mozzarella or Italian blend cheese
- Parmesan cheese and chopped herbs (basil, oregano, parsley) for garnish -optional

1. Preheat oven to 425 degrees.
2. In a large baking dish, stir together uncooked pasta, Alfredo sauce, chicken stock, chicken and garlic. Cover tightly with foil and

- bake for 30 minutes.
3. Uncover; stir. Check to see if pasta is firm, but almost finished cooking (al dente). If not, then cook 10-15 minutes more
4. When pasta is ready (al dente) remove foil and sprinkle

- mozzarella over top. Bake uncovered for 10 more minutes until cheese is melted and pasta is tender.
5. Garnish with freshly grated parmesan cheese and/or fresh chopped herbs, if desired.

Make great lunch leftovers!

LOCAL CASA STUDENT IS BOISE STATE BOUND

By Cameron Salerno

Rugby is one of the fastest growing sports in America, but especially in the greater Sacramento area. More and More parents are signing their sons and daughters up for the sport and it has quickly grown to one of the most popular high school and college sports.

Kyle Curry, who is a senior at nearby Casa Roble High School has been playing the sport since sixth grade for The Granite Bay Rugby Club. He has been on many successful teams and has played a factor in their large success.

"I started playing rugby when I was in 6th grade," Senior Kyle Curry said. "I was tired of playing slow paced sports, so my uncle introduced me to rugby and I loved it."

Although, the club teams aren't directly affiliated with the school there is many athletes from around the area who compete on this club who has been a powerhouse in recent years.

"I heard great things about the up and coming program in Granite Bay," Curry said "I heard how they were the best in the area and I wanted to be apart of that."

Curry plays the number 9 position, which is the nippy scrum- half which is a key position in scoring tries, which Curry has done a lot this season in Granite Bay's road to the national championships help in Kansas City. Additionally,

Curry was ranked in the top 25 for his position at center according to a media outlet.

Football was Curry's first love and he has been playing on the gridiron for over seven years for the Casa junior program as well as the high school team. Additionally, Curry was a captain on the varsity squad for Casa Roble this season that made it all the way to the quarterfinals of the division four playoffs before falling to Center 26-25.

Despite the love for football, Curry started getting serious about rugby in the recent years and drew attention from many big name rugby programs.

"In my sophomore year of rugby is when I started to really excel in the sport," Curry confessed. "After being a part of a winning national championship team, I knew I wanted to continue my rugby career in college."

Ultimately, in October Curry pledged his commitment to the Boise State rugby

program.

"I was looked at by a few different schools in which I took recruiting visits to," Curry admitted. "Boise State stood out because the college itself had a really good vibe. Also, has a very good engineering program; which was one of the things I was looking for in a school."

Curry will finish out his GBR campaign, competing in the national championship tournament in a few short weeks which is held in Kansas City and Granite Bay will look to bring home their second national championship in three years.

"Our team has had its ups and downs but has always found a way to fight through the rough patches in the toughest league in the country," Curry said on his team. "It would mean everything to win another national championship. It's the only thing that can perfectly show the amount of time and work we have put in since December; It would mean absolutely everything." Photo by Colin Cotez

This July 18-22 cadet Savannah Argo, a member of Casa Robles High School AFJROTC, will be attending the Marine Corps Summer Leadership and Character Development Academy (SLCDA). SLCDA is a Marine Corps run leadership program designed to develop and challenge our nation's top performing High School students. The SLCDA has three goals, or missions. First, to develop citizens of purpose, those who put service above self. Second, to share the Marine Corps experience with students and educators. Third, to return quality citizens to their communities.

There is no program cost for attending, nor is there an obligation of military service. The SLCDA builds off of the Marine Corps third mission to develop quality citizens, and allows Marines to pass on their leadership experience to our nation's young leaders, who may never otherwise experience and understand the benefits

of military service. SLCDA also emphasizes the value of service above self, and helps students learn and understand the Marine Corps Ethos, culture and traditions that create success in every challenge or environment.

I had the chance to speak

to Cadet Argo and ask her a few questions pertaining to how she feels about this wonderful opportunity to learn and grow. According to Savannah one of the her inspirations for applying for the SLCDA is that she is always looking for more ways to improve her leadership skills. She wants to be an officer in the military after High School, something that could be helped along by this week long program. Cadet Argo says that applying took a lot of work and time, and the experience of her years in AFJROTC have really paid off. SSgt Felix, our local Orangevale Marine Recruiter pictured below, was extremely instrumental in presenting this tremendous opportunity to our cadets.

KIDTASTIC ADVENTURE

Summer is a great time to spend time as a family and hang out with friends. If your family is anything like mine, once summer hits you find yourself looking for opportunities to get your kids off of tech and out of the house having fun. The word summer conjures up images of dripping popsicles, sprinklers, water balloons, hot days, corn dogs and laughing friends.

Sunrise Community Church in Fair Oaks offers a week-long day camp that is for kids entering Kindergarten – fifth grade in fall of 2018, where you will see all of this and a whole lot more! Whether you are busy creating something in the arts and crafts area, playing games and jumping in bounce houses you are going to have a great week and make new friends.

Kidtastic Adventure, a sports themed day camp, runs from 9am – noon daily from June 11 – 15. To register your kids for this Kidtastic week go to sunrisecommunity.church/kids. Your \$35 registration fee includes snacks, camp T-shirt and a music cd.
