## CASA ROBLE CLASS OF 2019 GRADUATES!

Family and friends gathered together packing the stadium at Casa Roble on a beautiful June morning to celebrate the graduating class of 2019. Principal Michele Lorenzo con-

gratulated the class for their outstanding achievements, for setting a high standard, and for their perseverance and patience during the major construction on campus. Student Body President Corbin Farias recounted many happy memories over the past four years and highlighted ending on one of Casa's best seasons in athletics capturing seven league titles. Besides officially sending off the graduating class, Principal Lorenzo thanked and recognized five long-time, beloved teachers who also will be "graduating" into retirement this year including Jeff and Jorie Baer, Scott Johnston, Larry Dubie, and Dan Austin. Congratulations to all for their contributions to the community and for making Casa Roble great. Best of luck in the future! Go Rams!

## 56TH ANNUAL FAIR CELEBRATING OUR RURAL ROOTS

The "rural roots" theme of the 56th annual fair brought this to light. Over the years, our Pow Wow Days town fair has lost a bit of its momentum and attendance has been in decline. Attendance at this year's event was reported as 2x from last year, so thank you for the support. This event is a special part of our community's history, and we want it to continue for another 50+ years. This year, we emphasized more of the town

fair aspect of the event in hopes of bringing together the community around this idea. Our Saturday morning parade was well attended by local clubs & organizations. Many tractors and vintage cars traveled Greenback Lane with hundreds in attendance watching the parade. Our town fair kicked off with a fancy farm to fair dinner, included equestrian shows, and showed off local artisan skills through the Grange Expo. There are always ways to improve and refine

this annual event, but this year we really made the turn toward a more family-friendly, small town celebration. We will look forward to seeing you next year.

## CONGRATULATIONS CHRIS MORAIRTY

Orangevale native Christopher K. Morairty graduated from California State University – Sacra-

mento on May 17, 2019. Chris earned a Bachelor of Science degree in Mechanical Engineering.

While completing his studies, Chris was also a member of the University's Hornet Racing Team. The team designs and builds a race car that goes on to compete against other Universities worldwide. The competition is held in Nebraska each June. Chris served as the Team President this year and looks forward to the competition this later this month. In August, he will begin work on his Master's Degree in Mechanical Engineering with an emphasis on Aerospace.

When not involved in the activities at the University, Chris enjoys photography and music. He is a professional photographer and has been featured and published in many of the bridal magazines in Sacramento. He was also a winner of "Orangevale's Best Photographer" 2016, 2017 and 2018.

Chris is the son of Mary and Kelly Morairty of Orangevale, CA. He is the grandson Don and Dana Goudreau of Trout Lake, Michigan and the late Jerry and Nikki Morairty of Orangevale, CA.

John "Jack" Feller, 96, went to be with The Lord Saturday June 1, 2019 at his home in Orangevale Ca., surrounded by family. He was born to Florence Lyons Feller and John William Feller in Minneapolis, Minnesota on December 12, 1922. Jack was the oldest of 3 boys. Jack was an enterprising, engaging, and adventurous person starting very early in life, when he signed up for his first job selling magazines at 7 years old. He worked continuously from then until November of 2018, when he finally retired for the last time. Jack served in the United States Army Air Corps during WWII on Saipan from 1943-1946. He then decided to return to school and pursue a degree in Civil Engineering, which is where he met the love of his life, Phyllis. When Phyllis first saw Jack across the room in the student union at the University of South Dakota, she was taken with his demeanor, his smile, and his wonderful laughter. They were engaged the following year on Feb.14th and married that same year on August 30, 1947. Jack then completed his studies at the University of Colorado and their life adventure began. He was interested in knowing about life and people. He mastered everything from being an Eagle Scout, a bee keeper, and a little

league baseball coach, to a project manager, Vice-president, President, CEO, Chairman of the Board, and finally an Arbitrator. In addition, he was very proud to serve as President of the Beavers, Chairman of the Beaverdilly, and one of four officers in 1977 that started the Beavers Charitable Trust. He was accomplished at

all his endeavors and challenged others to be the best they could be.

Jack is survived by his wife of almost 72 years, Phyllis Leeper Feller, their 6 children and their spouses. John Jr and Bernadine Feller, Jill and Thomas Allen, Pamela and John Banks, Michele and Eric Werner, Mona and Frank Evans, and David and Kathleen Feller, their 13 grandchildren, 33 great-grandchildren, with one on the way, and their 3 great-great-grandchildren and nieces and nephews that he loved like his own. Jack never lost his sense of humor or his unwavering faith, and was an involved and loving part of each and every life he touched. He will be dearly missed. Jack had a very generous heart and was moved to help as many as he could. So, in lieu of flowers, the family asks if you would consider donations in honor of Jack to his 2 favorite organizations: Union Gospel Mission 400 Bannon Street Sacramento, CA 95811 and Christian Encounter Ministries PO Box 1022 Grass Valley, CA 95945.

The Celebration of Life service was on Monday June 10th at 2:00pm at Bayside Church of Citrus Heights, 6540 Sylvan Road, Citrus Heights Ca. 95610.

# OVTF GRANGE EXPO

The Orangevale Grange, organized in 1910, is part of a National organization formally known as the Order of Patrons of Husbandry, or commonly the National Grange originally founded in 1867.

For decades Grange members have held friendly competition in all manner of home and artisan crafts. As a natural extension of this, the California State Grange established a Grange Youth Fair Program that allows Junior and Youth members of the Grange to show in their red vests alongside the 4H green collars and FFA blue jackets.

This year the Orangevale Grange invited citizens of its community to take part in the friendly competition by hosting an Expo at the 56th Annual Orangevale Town Fair - A Pow Wow Tradition.

42 members of our community submitted 82 items to this inaugural expo, sharing with us their talents in drawing, painting, photography, woodworking, crochet, baking, canning, gardening and general crafts.

We are so proud of all who entered the competition and ask that you help us congratulate the winners.

**Casa Sports Season Update**  
 It was a great year for Casa Roble Athletics! Our first year in the Golden Empire League we captured seven league titles, five MVPs as well as 78 All-League First and Second Team awards. Over 200 athletes received Academic All-League honors. Our Cheer Team won the section title and Wrestling won the section title in duals too. In divisional, Football, Track, and Wrestling finished runner up in the section playoffs. Not surprisingly seven of our coaches received Coach of the Year honors too. Great job to our athletes and coaches and special thanks to our community for their tremendous support!

**INTRODUCING 5TH THURSDAY AT THE FOOD BANK!**

We are excited to begin our newest outreach program here at the Food Bank... 5th Thursday. Every month that has a 5th Thursday, we will be bringing resources to our neighbors with the intentions of helping to boost overall personal confidence by assisting with basic needs that help people get back into the work force. We'll be providing help with basic health needs, education resources, dealing with addiction,

food insecurity and employment/job training opportunities. We're excited to be partnering with many local businesses and resources that are making this possible. Our main goal here at the Food Bank is not only to feed the hungry, but to be part of their transition into getting back on their feet. We hope you'll join us in supporting this new program. If you have services that would help to make this an even better program, would like to make a donation to help support this program, or would like to volunteer please visit [www.orangevalefoodbank.org](http://www.orangevalefoodbank.org)

## HOLDING YOUR TAX DOLLARS HOSTAGE

### HOLDING YOUR TAX DOLLARS HOSTAGE

By County Supervisor Sue Frost

Earlier this year, Governor Newsom announced that he was going to make housing his top priority, and called for 3.5 million new homes to be built in California within six years. I believe this is a laudable top priority, and have previously written about the great need in our region for more housing. To start with, Governor Newsom wisely announced \$500 million in awards to cities and counties that meet new, short-term housing goals. I believe the enticement of these funds can propel real change, and I hope Sacramento County will win some of this money.

Unfortunately, Governor Newsom coupled this “carrot” with an extremely dangerous “stick”, in the form of withholding gas tax money from cities and counties that don’t meet the regional housing targets set by the state. This has shaken virtually the entire state, as 97% of California cities and counties (including Sacramento County) are not hitting their housing targets.

This plan has a fundamental flaw in logic because it ties gas tax money to production goals, when counties are only accountable for planning. We should, and do, encourage housing through the land use process, but the decision whether to build more housing comes largely from factors outside our control. We cannot force builders to build, nor can we force financial institutions to lend the builders money.

Even when projects have been approved, lately we are seeing production slowed down because the builders cannot find enough carpenters, plumbers, electricians, etc. to do the work, in part because the state has seemingly abandoned vocational education. Too few schools have a “shop class”, and too many children have been told that college was the only route to success, when in reality jobs working in the trades can often pay more than jobs that require a college education.

Beyond that, I believe it’s wrong to threaten our gas tax road funding,

especially after voters went to the polls last November and voted to keep the gas tax. I’m not sure the

Supervisor Sue Frost

gas tax repeal would have failed, had voters known the funding could be taken away for something entirely out of their control.

Our roads cannot bear even a small reduction in funding. As I wrote about earlier this year, even with the gas tax in place, the County needs an additional \$15-20 million yearly just to maintain the roads at the current level, or an additional \$50 million yearly to get them to a standard people would describe as “good”.

If Governor Newsom is serious about wanting to build 3.5 million new homes in California, beyond incentives he needs to look at the high cost of construction. It is extremely expensive for a builder in California to conform to the unique regulations contained within the California Environmental Quality Act, and the enormous California Building Code grows larger each year. These regulations are part of the reason that a home in California is 2.4 times more expensive than a comparable home in Texas.

There are potential solutions to this housing crisis, but threatening counties like Sacramento for a problem out of our control ignores the root of the problem, and is ultimately doomed to fail.

Thank you for reading – and as always, if you want to contact me call me at 916-874-5491, or e-mail me at SupervisorFrost@saccounty.net.

# WRITER'S SHOWCASE

## LARRY FAST AND HIS CARS

By: Superstar Judd

There is an abundance of colorful personalities in Orangevale, but Larry Fast, age 62, stands out with some distinctly delightful hobbies. Larry has been a resident of Orangevale for over 16 years, and he is the proud owner of seven antique cars, six of which are convertibles. Fast has been collecting automobiles ever since he was 15 years old, because he says, "It reminds me of the past."

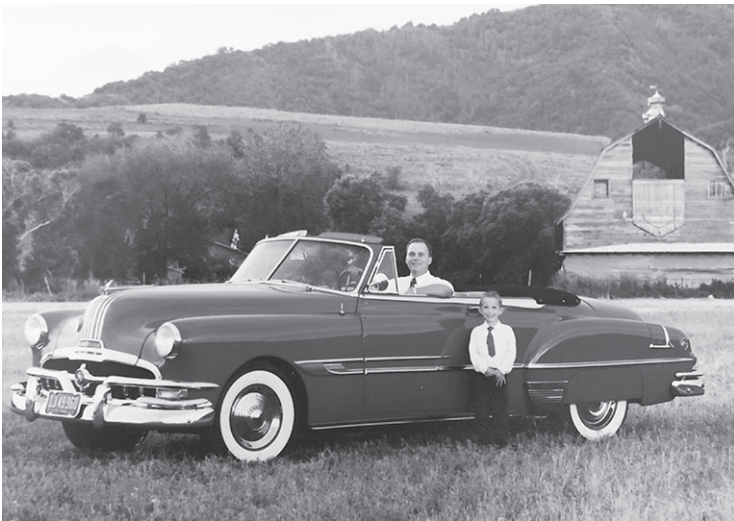

Photo is Larry and Michael Fast

Out of all seven of his cars, Larry's most treasured ride is his 1952 Pontiac, this car is his favorite because he had the same model in high school. Every time Larry strides into his garage it brings him back to his younger years. Although Larry is a retired brick and stone mason, his father worked for Pontiac and taught him how to take detailed care of his cars. For example, he owns a 1961 Pontiac Catalina that still has the original chrome that has never been replated and a paint job that is over 25 years old, however the car still looks untouched. One fascinating fact is that Larry's secret isn't what soap he uses, but what soap he does NOT use; he never uses any soap or chemicals when he washes his cars, only water. Fast is so passionate about car care he helped produce a video on YouTube called, "The Green Way to Teach Your Kids How to Wash the Car." In this tutorial, Larry teaches

his step-by-step method for washing an automobile that simultaneously preserves the paint job of the car and the environment.

Collecting cars is not his only hobby though, he also enjoys gardening, hiking, and horse-back riding. Larry spends notable time cultivating his yard and garden and his hard work is evident in his pristine yard. Fast cherishes dwelling in Orangevale because he says there are cows, horses, chickens, a great deal of open land, and friendly people. Like Larry's cars, the culture in Or-

angevale is reminiscent of the years gone by. Larry can often be seen cruising his polished antique cars around Orangevale adding to the essence of the neighborhood.

Superstar Judd is a 12-year-old who lives in Orangevale and enjoys painting, playing the piano and soccer.

# Orangevale Cooks

by Suzanne Feblowitz

In this issue, Sheri Shuteroff Vargas is sharing her family's favorite breakfast recipe. The simple ingredients and quick preparation make it a great option for a crowd, but it's also perfect for one.

Her Grandma Pat Graff had 5 kids and 2 grandkids and would spend hours in the kitchen for the mandatory Sunday breakfast. Her Grandpa, Charlie "Bud" Graff introduced her to, "Dutch Eggs," which combined all the ingredients into one pan for a quick breakfast. This breakfast reminds Sheri of her family sitting around their big round table on Sunday.

If you would like to share a favorite recipe, please send a copy to Suzanne Feblowitz at the Orangevale View (editor@ovview.com). Be sure to include your phone number or email with your recipe in case we need to contact you. If you wish to remain anonymous, just let us know and we will omit your name.

## GREAT FAMILY BREAKFAST RECIPE

Ingredients calculated per person:  
2 eggs (whisk until yolk and white are combined)

2 strips of bacon, chopped  
2 slices of bread (her preference is plain ol' white bread, because it absorbs the egg the best, but use whatever works for you), cubed

In large frying pan, cook bacon until it's crisp to your preference, over medium heat.

Drain off 1/2 of the grease from the pan. Spread the bacon around.

Add cubed bread to the pan. Let the bread cook a little in the grease to crisp it up and then toss it until it's cooked evenly. Be careful not to over-cook your bacon.

Spread everything around the pan evenly.

Add eggs, after 1 min, scrape and mix the eggs and bread mixture. Cook until it's cooked through, it can be a little on the softer side. Salt and pepper to taste.

Notes:

We always had it with a glass of orange juice. This is a great recipe for camping! I hope your readers enjoy this recipe.

## THIS WEEK WE HAVE THE DASHING DUPERT!

Name: Dupert Age: 11  
Breed: Rat Terrier Mix  
Sex: Male/Neutered  
Adoption Fee: My adoption fee has been generously sponsored by Sacramento Doo Doo Squad at 916-Dog-Poop!  
Dupert is a calm pup who loves to hang out with his

people. He bonds very heavily to his human and can always be found at their side. Dupert is a very smart fella who loves to work for treats and knows Sit already. He walks very nicely on his leash and is always up for a walk! We've also had him on our shelter agility course, which he LOVED!! Come meet him today!

Are you feeding a stray? Not planned. It just happened. It's happened to all of us. Now you're faced with a vet bill to get kitty fixed so it doesn't reproduce. But it's not your cat! But you know there are way too many kitties out there and you don't want your stray to add to the problem.

Good news! Fluff Buddies has a spay/neuter program. No proof of low income required. Just stop by one of our adoptions events. (Every Saturday and Sunday from noon to 4 p.m. at the Fair Oaks Petco which is located on Madison, at Hazel, in the Raley's Shopping Center.)

We would be glad to issue you a voucher or two that is good for two months. The participating vets are in Roseville (less than five miles away from central Orangevale.)

We also loan out traps at no charge if kitty is skittish about being placed in a carrier. (Help with transport MAY be available.)

Hope to see you soon! And thank you for caring enough to feed an abandoned animal.

Eskaton is a nonprofit provider of aging services, proudly serving Northern California for more than 50 years.

“Nope. Not interested.”  
“I don’t do chambers.”

“I don’t like them because I don’t like people pushing their business cards in my face and taking mine so they can call me and try to sell me anything”.

These were my responses to Brad when he casually asked me if I’d be willing to join the Orangevale chamber—on at least 2 occasions last summer. And I was serious. I wasn’t interested.

I had been a member of several chambers before because I “had to be”. It was the norm and it was expected. But I dreaded it because I don’t do well with people who are only interested in their building their own business.

What I was interested in was a service organization. One that promoted volunteerism and connection. One that promoted socializing too, because sometimes that’s what you need. So I joined the wonderful Orangevale Women’s Club and it was exactly what I was looking for.

I’ve lived in Orangevale since 2001 but wasn’t involved much in the community. I moved my office to Orangevale in October 2017 because I didn’t want to continue commuting to Roseville. But, since I was now working where I lived I wanted to be more involved. I wanted to serve my neighbors and my community so I wrote my check to the Women’s Club and starting attending the monthly meetings.

At the same time I was also seeing the “movement” happening with the business community. I saw a TRUE desire to serve others by those I was meeting through Brad and the various community meetings I was attending. I saw friendships blossoming in this small town that I hadn’t seen but wanted for myself. I was now saying yes to the Orangevale Chamber. It was different from the other chambers because my commitment in a membership is not just writing a check, it’s in immersing myself in the organizations I join and that wasn’t possible in other chambers. So, shortly after I joined I became a Board Member. Wrapping back around to my desire to be in a service organization, I saw that in the chamber as well and wanted to be a part of that. As a board member my desire is to connect the Chamber, its members and our beautiful community together—just like so many. You’ll see (if you haven’t already) the unity that is forming in the community, and my commitment is in Community Education and encouraging the community to volunteer, to support the local business and organizations. Every October I have the “Food for Fido” pet food drive and encourage the community to support our local food banks with pet supplies. I’ve given myself the unofficial role of Community Involvement and look forward to serving alongside you.

As an Orangevale Chamber Member.

Luz Johnson

Chamber President  
Brad Squires

One of the great things about a small community like Orangevale is the amount of heart and passion of its residents. Passion for preserving our rural roots, and keeping the memories alive of what our community was like 50+ years ago.

Many Orangevale residents enjoy keeping livestock and backyard chickens. Others enjoy the equestrian activities and our amazing parks which provide great local trails for rides. Organizations like Twin Lakes Riding Club and the Orangevale Grange are at the heart of these lifestyle options. Orangevale is a small town with a big heart, a great community atmosphere, and people who care deeply about keeping these things alive. Orangevale is a very special community, which provides rural lifestyle options with access to suburban amenities. It’s the best of both worlds, and those traditional rural roots remain alive and well in our town today.

The Orangevale History Project and GLOVE

A group of local residents is gathering monthly to create a new program of the Chamber to shed light on Orangevale’s rich history. The hope is to collect and share oral, written, or video stories from longtime residents through a website & social media. Thanks to the Big Day of Service, the new Chamber office now has a set of floor to ceiling shelves ready and available to

display interesting artifacts & photos about our town’s history. If you have anything to share or would like to join The Orangevale History Project, please reach out to the Chamber.

The Chamber is also making a push to improve the look & feel of our business district along Greenback Lane. A group called GLOVE (Greenback Lane OV Envision) was active several years ago in helping to organize some of these efforts. We’re hoping to reignite that flame and see if we can move things ahead. There are many vacancies and several dilapidated properties along Greenback Lane. If we can fill vacancies and beautify this area, it would be a part in our community that we can all enjoy and be proud of. The first meeting of all local commercial property owners and relaunch of GLOVE is happening this month.

Grow Orangevale & Chamber of Commerce Update

The Chamber is pointed in a great direction as we head into summer 2019. Membership is climbing. New community connections are being made. Businesses are being supported by the community, and the community is supporting its businesses. Let’s continue buying local and supporting the great people & organizations who make Orangevale what it is. We’re building on the Grow Orangevale theme and developing a stronger, healthier community. Our next Chamber Happy Hour will be Thursday, June 20th at the Orangevale Farmers’ Market. Join us!

Whether you’re a business leader or a member of the community, it is our goal to help you connect with our community. If you are interested in getting more involved in what’s happening in Orangevale, let’s connect.

## INDEPENDENCE DAY CELEBRATION

The Orangevale Grange has been providing community service in Orangevale for 109 years. Continuing their community service, the Grange is again sponsoring a Free Community Fireworks Demonstration Show on July 3rd. The show will be held out in the beautiful meadow behind the Grange Hall located at 5807 Walnut Avenue in Orangevale. Walnut is between Madison Avenue and Greenback Lane. Families are encouraged to bring their lawn chairs and blankets to enjoy music, fire trucks and a FREE firework show around dusk. You are encouraged to come early to get a good spot and enjoy the snack bar hosting \$1 hot dogs and snow cones.

We are excited again to have the Rythm Club Band as the main entertainment this year. Parking can be a challenge so come early. Many of Orangevale's wonderful local businesses donate great items for the drawings.

Again, this year the fire trucks from the Metro Fire Department will be on site allowing kids of all ages to sit in the fire truck. The kids will get stickers and coloring books and parents will be given literature on how to keep their family safe during the July 4th holiday.

There will be a snack bar on site and all items are a \$1 each. All the proceeds are used to support the Words for Thirds Dictionary Project, The School Back Pack Program, Our High School Scholarship Program and the Orangevale Food Bank along with many other charities. After the fireworks display is over you will want to hurry up to the onsite fireworks booth to purchase the fireworks you liked best in the show.

The Grange is looking forward to a great turnout so get there early for the best seat. Come and have a dollar hot dog or snow cone at the snack bar opening at 6:30 PM, with the other festivities starting soon thereafter. The fireworks demonstration show will begin around dusk. For more information call (916) 417-9750. Please no dogs or alcohol.

**BIG DAY OF SERVICE 2019** was a HUGE success! On Saturday, May 11th, approximately 1,200 people from all over the community came together with one goal... to make our

t-shirt to wear for the day (surely you saw a sea of bright orange shirts somewhere in town that day), feasted on a delicious pancake breakfast, and were entertained by local cheer

team to tackle 40 projects throughout Orangevale and Fair Oaks. There were projects for volunteers of all abilities... baking cookies for first responders, installing a new path-

programs and music. As volunteers gathered and met their neighbors that they would be working with for the day, a rally began on stage in order to pump up the crowd and get everyone excited to VOLUNTEER! There was even a group stretch hosted by Rollingwood Athletic Club before everyone dispersed with their

way at Pecan Park, Girl Scouts crafting and delivering cookies to senior citizens, food drives at the grocery stores, Gaga Pits being installed at Orangevale Park, blankets and animal toys being made for the SPCA, home makeovers for a live-in foster/adoption home, street cleanups, several school beautifications, and MANY others! These projects were made possible thanks to our generous sponsors donations. We encourage our community to support these businesses (found on our social media pages) and be sure to thank them for being a part of their community through Big Day of Service. Success for Big Day of Service is always measured in one way... SMILES! We are certain it was successful because even after a long and tiring day, we saw smiles everywhere we looked from both the recipients of the projects as well as the volunteers! If you were a part of this amazing day, THANK YOU! Because of you, our town is a better place. If you didn't get a chance to participate this year, but would like to learn more about how you can get involved next year, please visit [www.bigdayofservice.com](http://www.bigdayofservice.com) and be sure to follow us on Facebook (Big Day of Service)

commUNITY an even better place to be! The day began in Orangevale at Divine Savior Church Parking Lot where volunteers received their free

## SCHOOL SAFETY AND MENTAL HEALTH SERVICES

by Assemblyman Kevin Kiley

April marked 20 years since the horrific school shooting at Columbine High School in Colorado. The comprehensive school shooting database created by the Center for Homeland Defense and Security, finds in the 20 years following Columbine, 349 persons have been killed and 674 have been injured on our nation's campuses. Only five months into 2019 we have already witnessed the tragic deaths of three students at the University of North Carolina and Highland Ranch STEM School just a few miles away from Columbine.

In response, policy makers have weighed in with a number of policies to ensure our schools are ready to respond once shots are fired, including adding school resources officers and implementing active shooter drills. While these are worthwhile efforts, they are also reactive. There has been much less emphasis placed on identifying the warning signs and assessing threats before something happens. Appallingly, in many school shooting attacks, information known to school officials, law enforcement, counselors, friends and neighbors reasonably should have been used to prevent the attack.

To make matters worse, California also ranks at or near the bottom nationally for student access to mental health services. This has manifested itself in growing youth suicide rates, which are rising nearly every year in California and are now at their highest levels since 1996. So even when we are able to identify warning signs, our schools are not always prepared to offer the necessary services to help counteract them.

To address these issues, I introduced Assembly Bills 1546 and 1722 this year in partnership with school officials, mental health professionals, and law enforcement groups.

AB 1722 would facilitate the development of school-based vio-

Assemblyman Kevin Kiley

lence prevention plans and multidisciplinary threat assessment teams made up of teachers, counselors, law enforcement officers, and mental health professionals. These proven methods of stopping violence before it happens are based on national standards recommended by the Secret Service and are already saving lives in a number of other states.

AB 1546 seeks to capture more federal dollars for mental health services by making it easier for California school districts to access money that is available for this purpose. With growing budgetary pressures for schools across the state, it is critical that we ensure mental health services are not on the chopping block.

Both of these bills have received strong bipartisan support and I intend to advocate for them until they are signed into law.

Virginia and Florida became the first states to mandate a multidisciplinary threat management approach, but only after horrific mass shootings occurred. Ultimately, ABs 1722 and 1546 would encourage California to buck the trend by adopting policies before another preventable mass killing occurs.

Assemblyman Kevin Kiley represents the 6th Assembly District, which includes parts of El Dorado, Placer, and Sacramento counties.
