CASA CLASS OF 2021 GRUB CLUB FUN, FOOD & SMILES!

CASA CLASS OF 2021 GRUB CLUB FUN, FOOD & SMILES!
By MaryAnne Povey

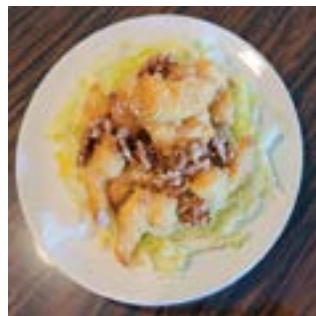

Casa Roble High School Senior Class of 2021 enjoyed fun, food, and friends, courtesy of the Orangevale Chamber of Commerce! The parent organized event, is the second of four lunches put together to give Casa seniors who have been distance learning for over a year, a chance to connect and socialize

with their graduating class. "Seeing the smiles and the kids enjoying each other make this effort so worth it, said Pam Whitehead, a senior parent volunteer, "It is the least we could do to help bring some normalcy back to the kids." The first Grub Club was a huge hit hosted at Dairy Queen, where kids enjoyed a delicious chicken strip lunch box. The next Grub Club, held at the Downtown Plaza, featured ka-

bob bowls from the soon to open "Dezy's Beef, Bread & Beer" eatery and Badfish Coffee & Tea, served up delicious coffee, tea, smoothies, and cookies! It was a great day for all! The next Grub Club is scheduled for April 7th and will be sponsored by Taco Dave from Taco Bell! Casa seniors be sure to spread the word. You won't want to miss it! Go Rams! LOYAL 2 LOCAL

Loyal 2 Local sponsored by the Orangevale Woman's Club has another great option for you to try. Wa-Me Chinese Restaurant at 9437 Madison Avenue. They are open from 11:30 a.m.-8:00 p.m. Monday thru Saturday and closed on Sunday. The restaurant has been at this location for 45 years but Jian and her family have owned it since

September 2015. The family chose Orangevale because they feel safe here and also live in the area. They are grateful for their regulars that have helped them stay afloat during this trying time. Their customers say the restaurant feels like home. Everything is made from scratch and that is obvious every time you order from Wa-Me. They are famous for their Garlic Chicken, Potstickers, and my personal favorite, Honey Walnut Prawns! They have been kind enough to offer 10% off of dinner for the month of April when you mention you saw this article in the Orangevale View. The next time you are in the mood for GREAT Chinese food, please order online at wamechineseorangevale.com or call the restaurant at 916-988-2356. During the Purple Tier restrictions, they are doing pickup only, but are planning on welcoming in her customers as soon as Sacramento County moves into the Red Tier. Please support our local restaurants.

Looking for a way to get outside, enjoy nature AND give back to your community? Get a group together and register to volunteer today! Join an area-wide volunteer effort to improve our urban waterways. OVparks is asking for your help to embark on this clean-up at the Orangevale Community Park on Saturday, April 10th from 9:30-11:30am. Preregistration is required this year to better organize groups and limit gathering. Creek Week t-shirts will be given to all volunteers as a thank you for helping out!

The Orangevale Woman's Club is partnering with local businesses to collect new and gently used bras and feminine hygiene products through the month of April.

People typically don't think of donating feminine hygiene products and bras to our local organizations, but their need is never ending especially during this past year. Women would rather put food on the table or pay for electricity for their family than use the money for their own needs. When students return to campus, girls who do not have easy access to feminine hygiene products may skip school for the week or resort to using rolls of toilet paper or paper towels.

The Club will distribute the bras to the Underground Clothing Closet in Sunrise Mall which serve approximately 3,200 San Juan Unified families that live in transitional or insecure housing and to Saint John's Program for Real Change. The feminine hygiene products will be given to the Orangevale Fair Oaks Food Bank and to the Sacramento Children's Home. Please bring your gently used bras and feminine hygiene products and drop them off at our local businesses that have our bins. The following are locations that you can drop off your items.

Shortchanging Sacramento County on Vaccines
Supervisor Sue Frost

Supervisor Sue Frost

As we work toward what will hopefully be the end of this now year-long pandemic, a natural discussion topic is around vaccines. Through the roller coaster of the COVID-19 response, for many people the vaccines offered hope for bringing all of it to an end. Understandably, since the first doses of vaccines became available, I have heard from countless constituents frustrated with how challenging it is to access the vaccine or even get connected with information on the process. I get it. Some of the challenges in this process fall on the county. We could have come out with a better website and had a more thought-out plan for distribution. Like many of the struggles we have all gone through over the last year, I am afraid that the leading cause of our woes is the state once again.

When vaccines first became available, there was a simple explanation of why there were not enough vaccines to go around: limited supply. Not all of the vaccines that are available today were even approved for distribution back in January. The ones that were approved and in circulation were limited and had to be stored under specific conditions. Of course, there is also the fact that both the Moderna and Pfizer vaccines required recipients to receive two doses, limiting the supply even further. Thanks to the approval of the Jansen vaccine, the total supply is increasing. Unfortunately, the state's increase in supply being distributed does not necessarily benefit Sacramento County residents hoping to get their dose(s).

The inconsistency in distribution became blatantly apparent in February when the state's total vaccine supply rose 20%, and Sacramento County's allocation dropped by 18%. Unfortunately, this has become a pattern. In January, Sacramento County received 2.83% of the state's total distribu-

tion of doses. Since then, we have seen that percentage steadily decrease. On March 8th, even with the newly available Jansen vaccine, Sacramento County's allocation from the state fell to just 1.65% of total doses distributed. There is some explanation for this, including that Sacramento County's population of eligible or priority populations is lower than neighboring counties. The best explanation I've heard came from our Acting Director of Public Health. During the March 9th Board of Supervisors Meeting, he said that what is essentially happening is that the governor changes his mind every two weeks. The distribution formula changes, and it never benefits Sacramento County.

At this point, are any of us surprised? The state's response to the pandemic has been a series of changes based on state officials' whims uninterested in looking at challenges at the local level. As other counties take larger percentages of the state's distribution of doses, they are blazing past Sacramento County through the tiered system of eligible vaccine recipients. Meanwhile, my office is still receiving calls from individuals eligible since the first dose was administered, struggling to access the vaccines that will bring them peace of mind or closer to normalcy. At the same time, Sacramento County's public health officials

have to spend their time advocating to the state for a distribution method that accounts for the fact that Sacramento County is a regional distribution hub, and even with 3% of the state's population, we have never received 3% of the state's distribution.

I think everyone that wants the vaccine should be able to get the vaccine. I understand the challenges with rolling out an emergency vaccine amid a global pandemic, and I knew it was never going to be easy. However, the reality of what is going on at the local level continues to be an afterthought for the state, and it seems Sacramento County is somewhere in the far back.

Thank you for reading – and as always, if you want to contact me, call me at 916-874-5491, or e-mail me at SupervisorFrost@saccounty.net.

Hello Orangevale and surrounding communities! Our CNP family hopes everyone enjoyed our previous OVunplugged Sensory Bird craft! Spring has sprung and in this column we challenge our readers to head outside and notice all of the wonders of the Spring season.

Spring is full of new beginnings from blooming flowers and more sunshine to all the beautiful bird songs and warmer temperatures. It's amazing what a little sun can do for plants and grass. Through photosynthesis,

plants convert sunlight, carbon dioxide, and water into food, releasing oxygen in the process. That means as plants start to grow in the spring, they pull carbon out of the atmosphere, providing an important environmental service. Plants take in roughly 25 percent of the carbon emissions humans produce, absorbing more than 100 gigatons of carbon through photosynthesis each growing season. Because of all the new growth the amount of carbon dioxide in the atmosphere drops each Spring and Summer.

Spring truly is a beautiful time of year so make sure you head outside daily for fresh air and sunshine. Take our Spring Scavenger Hunt with you and document all the beautiful things nature provides this time of year.

Please feel free to email CNP your experiences and post them on social media using the #OVunplugged. Stay tuned for our next challenge and follow our preschool for other activities on our website, Facebook, and Instagram

My husband was looking for a different kind of coleslaw to serve as a side dish one day and he found this recipe for a spicy slaw. This easy, yummy slaw is great as a side dish or on your favorite pulled pork sandwiches or fish tacos. If you would like to share a favorite recipe, please send a copy to Suzanne Feblowitz at the Orangevale View (editor@ovview.com). Be sure to include your phone number or email with your recipe in case we need to contact you. If you wish to

remain anonymous, just let us know and we will omit your name.

PETACULAR

NAMES: JUMBA & STITCH
ANIMAL ID: 46591919 & 46591924
BREED: COCKER SPANIEL/LHASA
APSO MIX
AGES: 12 YEARS
SEXES: NEUTERED MALES
 Adoption Fee: \$165 for the pair, or free adoptions for humans 65 or older!

Jumba & Stitch are 12 years old and looking for a new family together! Stitch is a very affectionate boy and likes being pet. Jumba is a friendly guy who will greet people at his kennel door. When he gets time outside, he likes to sniff around and he also likes to be pet. Jumba is possibly deaf, while Stitch is mostly blind, so together they complete each

other as the perfect pair. While Jumba helps Stitch a little as a guide around his environment, he may need extra help getting around obstacles. Can you help us keep these brothers together forever?

Adoption Process: At 9:00 am each morning a link will go live at sspca.org/dogs below where you can schedule an appointment to come down to the shelter that day to meet an available animal. Animals pictured on this page may be adopted prior to your appointment time. Shelter staff will let you know when you arrive what animals are still available to be adopted and any special considerations the animal might have. Only one animal may be met with per family, per day. Once you have finished a counsel and a meet-and-greet, you will be able to adopt!

Stage Right Productions
The Disney
Jungle Book
Summer Youth Workshop

Kids have been cooped up at home all year. What better way to get them out and about than an outdoor theatre camp? Stage Right Productions is back again and offering a youth theatre workshop for kids aged 8-15. Last year the company successfully performed Willy Wonka on their outdoor stage and this year they are lighting it up again with a performance of The Jungle Book. The workshop is set to start on June 14th and last through July 7th. Registration is live now at their website www.stagerightproductions.net and the spots are filling up quickly! Stage Right has been offering their youth workshops for years and they are always a blast. Their focus is to teach and improve the acting, singing, and dancing skills of each actor and prepare them for future roles. And at the end they get to perform an entire weekend of shows for the community. Show dates this summer will be July 8, 9, 10, and 11 and it is going to be a wonderful show. Interested? Look for more information on THEIR WEBSITE AND FACEBOOK PAGE.
