Imagine building a Victorian mansion for \$7500.00. Well, the Orangevale History Project has discovered that's exactly what William and Mary Alice Calder did in 1895. The Calders learned of Orange Vale when William was managing a theatrical production that passed through Sacramento. The grand mansion named the Palms sat at 8994 Greenback Lane behind a grand circular drive and quite a few palm trees. The mansion stood three stories high and was filled with the most beautiful woodwork and windows along with its beautiful furnishings. Behind the mansion were 30 acres of citrus orchards owned by the Calders. Sadly, the mansion was torn down with little fanfare in 1963 and replaced by a gas station. The Orbit Station now sits in WHAT WAS THE FRONT YARD. A FEW PALM TREES ON PECAN AVE HAVE SURVIVED.

What a change it must have been to move to Orangevale after being involved in the theatrical world in major cities of England and the US. But the Calders settled in and became very involved in the newly thriving community of Orange Vale while running the orchard and a packing company. Their lives were

filled with citrus growing, community development and service and elegant parties. On one occasion Mr. Calder organized a theatrical production, pre-sented it in Folsom and used the proceeds to pay off the debt of the Orangevale Presbyterian church.

By 1907, they built their retirement home across the street and continued their community work. Mary Alice and several other prominent ladies were the founders of the Orangevale Woman's Club which still survives today to serve the community.

This house still stands at 8999 Greenback Lane. and is often called the Calder Mansion. The house was owned by the Calders until 1930 when it was sold to the W.L. Williams Family. After William Calder died in 1928, at the age of 82 years, Mary moved to San Francisco to live with her daughter. Records show the house was owned by the Williams, Dennis, Irwin, Speck, Todd and Rountree families until the mid 1970's. The ensuing years saw a succession of owners using it as boarding houses or restaurants. Fortunately for Orangevale, the house is

# ABOUT THE VIEW

## ABOUT THE ORANGEVALE VIEW

The "Orangevale View" – the ultimate, award-winning community newspaper – serves Orangevale and surrounding areas, including Fair Oaks, Citrus Heights, and Folsom, CA. With a present estimated readership of more than 37,000, this FREE paper grows with every issue. It is delivered twice a month to at least 15,000 residents' homes and to more than 100 high traffic locations.

The views and opinions printed within are not necessarily those of Publisher Brad Tatum or the Orangevale View staff. Rather, the views and opinions expressed are those of each individual contributor.

### SUBMISSION POLICIES:

Submissions from you, our readers, are always welcome, for this is YOUR newspaper. We await school, church, or sports team materials, anniversaries, births, special occasions, memorials, or other items of interest. Donations are encouraged and accepted for anniversaries, births, and other special milestones and announcements. Publication is at the discretion of the Orangevale View staff.

Requirements are simple:

(1) Acknowledge that either you are the author or you have permission to publish from the original author;

(2) Articles should not exceed 300 words. We like Community Calendar items of 45 words or less.

(3) Format: Microsoft Word format with photos at least 300 dpi JPEG or PDF.

Please use this format so we do not have to send your work back to you for corrections.

(4) The View does not verify the accuracy of your submissions, and in some cases, dates and information are subject to change.

(5) Please email submissions, to YOUR newspaper. The email address is editor@ovview.com. It is you, our contributors, readers and advertisers who make the Orangevale View a newspaper you want to read.

now owned by the Pathway Fellowship Church. Their goal is to restore the house as much as possible back to the original Victorian style to be able to share with our community.

The Orangevale History Project held their January meeting in the house and marveled at the beauty even after numerous renovations. All of the beautiful original furniture is long gone but the Church is accepting donations of old Victorian furniture that may still exist and needs a home. The Orangevale History Project is a group of Orangevale community members with a desire to find and preserve our rich history. Our goal is to make our history research available to the community via our You Tube channel, Facebook, Google photo page and physical display area at 8897 Greenback Lane. To learn more about our work or to join, please contact the orangevalehistoryproject@gmail.com. The next meeting is February 2, 2022 at 6:30pm at the Orangevale Chamber Office at 8897 Greenback Lane and Hazel Ave.

## ROBERT LEE WILSON 1929-2021

Robert Lee Wilson left this world for a new home in heaven on December 17, 2021, one month after his 92nd birthday. His journey home was peaceful, surrounded by loving family who cared tenderly for him in the last months of life; during the time when he said that his main job was keeping his chair warm. In heaven, he joins Ruth Aliene, wife of 70 years, his father Azzie (Ted), mother Minnie, brother Ted, sister Mary, and his baby daughter, Sandy. Bob, affectionately known as R.L., was born in Sayre, Oklahoma in 1929. His family left Oklahoma during the Dust Bowl and eventually settled in Healdsburg, California. In his later years, he would recall a childhood busy with hard work: milking cows, hauling prune boxes, going to

school, feeding livestock and doing it all over again every day. "That's just the way it was back then" he would often say.

He joined the Marines at age 18. We recently learned that Sergeant Robert L. Wilson was one of the courageous Marines who fought at Chosin. When he left the military, he became a successful builder in the Sacramento area. Bob was a devoted husband, loving father and grandfather. He is survived by daughter, Debra (Andy) and son, Curtis (Aris) along with grandchildren Stefanie (Aaron), Andrew (Shannon), Christopher (Angelica), Curtis Dustin (Janna) Jennifer, Bobby (Tish) and 11 great grandchildren: Lydia, Liam, Isaiah, Hannah, Bethany, Samuel, Lincoln, Annabel, Zachary, Marlee, and Noelle.

He is preceded in death by son, Gary. He will be missed by numerous family members and friends, especially his sister Joanne (Aunt Jody) and his companion/card playing partner for the past many years, Sue.

His was an active family life which included teaching his kids how to ride motorcycles with many fond memories of rides in the foothills, plus hunting and camping trips, abalone diving at Ocean Cove, and exploring with his wife Ruth on road trips and cruises. At home, he was always fixing or inventing something, then later in life, tinkering for hours in his shop - always keeping busy. Robert Lee Wilson was a kind gentleman, a generous man whose family always meant the world to him.

A memorial service was held with full military honors on January 13, 2022, at Sylvan Cemetery in Citrus Heights, CA.

He will be loved and missed.

## OVparks Receives \$250,009 in COVID Relief Funding

The Orangevale Recreation & Park District announced it has received \$250,009 in funding to help offset expenses and lost revenue the district experienced during the COVID-19 pandemic. This funding is much welcomed as OVparks is now planning repairs and upgrades to our community swimming pool as well as improvements to new parkland we acquired in 2019. The funding is made available from a \$100 million allocation provided by the State Legislature and Governor Gavin Newsom in the 2021-2022 State Budget.

In response to the news of this funding, OVparks District Administrator Barry Ross stated, "We estimate that the pandemic has cost our district nearly \$400,000. This relief funding goes a long way to help us bridge that gap. Like every other business and service agency, we look forward to the

day when COVID is no longer interfering with our service to the community. At this point we're extremely grateful to the State of California for this support. As parks and recreation professionals, one of our primary purposes is to bring people together through fun, social, healthy, and cultural activities such as sports, camps, classes, social gatherings, and special events. The COVID pandemic has greatly impeded our ability to provide these services in our traditional sense. We have provided scaled back programming in a safe and responsible way, but with budgetary consequences."

This funding arrives after special districts across California experienced budget and staff cuts necessitated as a result of the COVID pandemic. Throughout 2020 and 2021, California's special districts provided essential services to their local communities, maintained a large portion of the state's critical infrastructure, and employed thousands of front-line

workers, but initially received none of the COVID relief funding available to cities and counties.

"Special districts are addressing our biggest statewide challenges, all at the local level," said Neil McCormick, CEO of the California Special Districts Association (CSDA). We applaud Governor Newsom and our Legislature for recognizing this and responding to our requests for partnership. Special districts make a difference throughout California and this funding will make a difference in the communities special districts serve."

More than 2,000 independent special districts across the state serve the needs of all 40 million Californians at some level, and more than 60 percent of these local agencies provide specialized services to a disadvantaged community.

## COOKS

BY

*Suzanne Feblowitz*

Since this is such a great time of year for chili, I thought it would be fun to try another! A good friend who lives in Maryland gave me her favorite chili recipe. This recipe is an easy one with ingredients that you usually have on hand. She originally got this recipe from the Taste of Home magazine. It is a simple recipe that only takes about 10 minutes to prepare and 40 minutes to cook. Please share a favorite recipe by sending a copy to Suzanne Feblowitz at the Orangevale View (editor@ovview.com). Be sure to include your phone number or email with your recipe in case we need

to contact you. If you wish to remain anonymous, just let us know and we will omit your name.

### Creamy White Chili

- 1 pound boneless skinless chicken breasts, cut into 1/2-inch cubes
- 1 medium onion, chopped
- 1-1/2 teaspoons garlic powder
- 1 tablespoon canola oil
- 2 cans (15-1/2 ounces each) great northern beans, rinsed and drained
- 1 can (14-1/2 ounces) chicken broth
- 2 cans (4 ounces each) chopped green chilies
- 1 teaspoon salt

- 1 teaspoon ground cumin
- 1 teaspoon dried oregano
- 1/2 teaspoon pepper
- 1/4 teaspoon cayenne pepper

- 1 cup (8 ounces) sour cream
- 1/2 cup heavy whipping cream

### Directions

• In a large saucepan, saute the chicken, onion and garlic powder in oil until chicken is no longer pink. Add the beans, broth, chilies and seasonings. Bring to a boil. Reduce heat; simmer, uncovered, for 30 minutes.

• Remove from the heat; stir in sour cream and cream.

### HOMELESS ASSISTANCE RESOURCE TEAM (HART) REVIEW

Carmichael and Fair Oaks/Orangevale (FO/OV) HARTs are nonprofit organizations currently engaged in providing programs for our local homeless citizens. FO/OV HART is the newest team in the county. They are currently trying to identify their homeless population and then plan on doing an outreach program for them. Carmichael HART was organized five years ago. They have a four-fold program including a student program, two transitional houses, a weekly lunch and shower outreach and a winter respite.

The student program is partnered with a McKinney Vento program in the San Juan Unified School District. McKinney Vento is a national program assisting students and their families who are in transition. This can include living with family members, couch surfing, living in a shelter or living on the streets. Carmichael HART has participated in backpack drives for McKinney Vento and in a student buddy/mentor program. The team also has two transitional houses, one for women and a new one for men, which will open soon. These

homes provide an opportunity for people experiencing homelessness to be housed at no cost while they find housing.

In April, Carmichael HART began an ongoing outreach program. This program includes lunch delivery on Thursdays and showers on Saturdays. Forty lunches are delivered each week. Sixteen showers are offered each Saturday. Carmichael Presbyterian Church food locker provides food for the lunches. Hygiene items, hats, socks, underwear and other various supplies are donated by generous supporters. Carmichael Presbyterian Church also hosts

the showers on Saturdays. Volunteers make lunches, deliver lunches and supervise the showers.

This January and February 2022, Carmichael HART will provide a winter respite three mornings a week. The respite will offer hot breakfasts, sack lunches, phone charging, showers, rest from the elements, hair cuts, nursing assistance, socks, hats, and some clothing. The respite will be at Carmichael Presbyterian Church on 5645 Marconi Ave. Hosting churches include Crossroads Church, St John the Evangelist Catholic Church, St Michael's Episcopal Church and the Church of Jesus Christ of Latter-day Saints. The respite will be from 9:00am to 1:00pm every Saturday, Monday and Wednesday. For more information see the website: [carmichaelhart.org](http://carmichaelhart.org). Information about all the HARTs in the county can be found on [harts-together.org](http://harts-together.org).

## CASA BASKETBALL UPDATE!

Congrats to Casa's girls and boys varsity basketball teams for kicking off league play with wins against Mesa Verde. The girls finished 44 - 19 and the boys 61 - 56.

Travis Remly made his debut as a Casa Roble Varsity Player and had six three-pointers scoring a total of 20 points. Noah Gilbert had three three-pointers scoring a total of 14 points. Michael Corrales rounded out the double digit scorers with 11 points.

Next up, Casa takes on Dixon at home on Friday, January 21. Games start at 3:30 pm, 5:00 pm, 6:30 pm and 8:00 pm. Tickets must be purchased online for entry – go to [gofan.co](http://gofan.co). If you can't make it to the game, tune in to watch it live streamed at Orangevale Live Facebook page or YouTube channel. Go Rams!

## ROTARY CHRISTMAS BASKETS HELP FAMILIES IN NEED

The Rotary Club of Orangevale hosted its annual Christmas Basket Program at the Orangevale Grange in December,

making the holidays a bit brighter for struggling local families. Orchestrated by Russ and Lorie Rheams for 22 years, this program

brings together sponsors and volunteer shoppers to fulfill requests of those less fortunate. A typical Christmas basket is valued at \$350 and provides gifts for each family member, including pets, and enough groceries to last a couple of weeks. Twenty-eight volunteers put it all in motion the morning of December 19th at Grange Hall, receiving the Christmas baskets delivered during the first hour and staging them by code name to maintain receiving family confidentiality when distributed. Next came the best part, when family members drove up, reported their family's code name and volunteers loaded their vehicles with Christmas gifts and groceries. Many thanks to the Orangevale-Fair Oaks Food Bank for providing additional groceries and the Orangevale Grange for use of their facility. We salute the Orangevale Rotary members, family, and friends who generously sponsored families in need and volunteered to make it happen. It was another successful year with Orangevale Rotary having the privilege of presenting Christmas baskets to 34 families.

On the brisk Sunday morning of December 5th, Boy Scout Troop 144 arrived at the 2 mile mark of the California International Marathon water station ready to support and hydrate all the runners who would be passing by. The boys and girls arrived for duty at 5:00 am and started setting up the water and electrolyte stations – filling up hundreds of cups in anticipation of runners to come. The race started at 7:00 am and within ten minutes, the elite runners were rushing past. Runners were greeted by the

Troop with encouraging words as well as a cup full of water or Gatorade. The Scouts always enjoy volunteering and helping their Orangevale Community! Boys and Girls aged 5 to 10 are welcome to visit our Pack Meetings (1st Monday) at Christ the King Church and Boys and Girls aged 11 to 17 are welcome to visit our Troop Meetings (Tuesdays, 7PM) at Christ the King Church.

## NEW YEAR, NEW LEADERSHIP AT THE ORANGEVALE CHAMBER OF COMMERCE

By: *MaryAnne Povey*

The Orangevale Chamber is happy to announce it's new Board President Jonathan Spangler. Jonathan will be taking over the role from Brad Squires, who has led the Board since 2018. Under Brad's leadership, the once struggling organization has been revamped into a vibrant, thriving chamber that is growing and continuing to perfect its services to members and the community.

Some of Brad's most notable accomplishments include re-locating the chamber office by "restoring an eye sore" vacancy, re-branding the chamber and website, increasing membership and Board of Directors, reinvigorating GLOVE efforts and securing \$7 million for Greenback Lane improvements – just to name a few!

"Jonathan is a great fit in continuing the work that has been started," said Squires, "I'm confident he'll do a great job leading the chamber in a positive direction this year and beyond".

After coming to Orangevale nearly 10 years ago, Jonathan immersed himself into the community because "he wanted to be an example to his family and make the community a better place to be". He's worked in the insurance industry for 20 years, and currently is a partner of Freedom Insurance Services.

*Past President Brad Squires and Jonathan Spangler -President Elect*

It didn't take long for Jonathan to plug in and get involved after putting down roots in Orangevale with his wife Jennifer and two sons. He first joined the Orangevale Rotary, and then the Orangevale Chamber because both were not just focusing on business and networking, but were community and family friendly too.

Besides the goals of growing memberships and events for the chamber, his hope is that the Chamber becomes the hub for all the service organizations, business and community events. "Developing a community calendar is

critical so that everyone is on the same page," he shared, "With so much always going on, it's really important that we all work together."

Jonathan is very optimistic about the future and his new role "because we are in a good place with a strong board, a new Executive ED and solid structure in place. We're coming out of covid and all the pieces for success are there."

# GET THE MASKS OUT

## GET MASKS OUT OF CLASSROOMS

By: Supervisor Sue Frost

On the heels of a new statewide mask mandate and the continued declaration of a COVID-19 state of emergency, it feels necessary to once again advocate for a population left seemingly voiceless throughout this saga. After a year of being forced out of the classroom, California children have returned only under the condition that they wear masks. Regardless of your perspective on the pandemic and experiences thus far, I think we all need to take a step back and thoroughly evaluate the benefits versus impacts of masking an entire generation during their developmental years. Rather than continue to hinder the ability to verbally and non-verbally communicate, it is long past due that we allow children to remove their masks and provide them with alternatives to protect against the airborne spreading of viruses.

If we heard it once, we have heard it a million times: follow the science. However, science tells us that the vast majority of children who get COVID have mild symptoms, or no symptoms.. So, the masking of children cannot be about the children at all; instead, it is about preventing them from spreading the virus to adults. By now school staff who fall in an at risk category have been advised to vaccinate or test regularly. In fact, teachers were given priority in the line to get vaccines. Getting teachers back in the classroom was just as crucial as getting kids back, but taking kids from virtual learning to masked learning is not much of an improvement. Children often report symptoms of shortness of breath, headache, nausea, vomiting, syncope, fear, anxiety and depression as a result of masking up. Some children who have extenuating circumstances such as autistic disorder, cerebral palsy, lung disease or hearing disorders, suffer a great trauma from masking. If we genuinely wish to unburden students from the social, mental and physical impacts of the pandemic, we need to let them remove their masks. I am sure we have all had conversations where someone or both people had to pull their masks away from their faces so the other person could understand what was being said. Imagine doing that through an entire school day. Masks make it difficult to hear or understand what someone is saying, but they also cover facial expressions. Children need to see a smile, a frown, or a silly face as part of their social development. They

Supervisor Sue Frost

also need to show their expressions to feel seen and understood. The hindering of their social development has potentially severe long-term consequences. As things like depression and anxiety are already becoming more prevalent in our society, stunting the emotional growth of an entire generation seems like a dangerous decision to make. As we approach two years of this crisis, we need to think about how we may be creating new, potentially worse, problems.

If masks are intended to prevent the spread of the virus, there are alternatives to masking children such as classrooms getting better ventilation and being provided with air filters. The health and safety of children should remain a priority, but that means every aspect of their health. When a child walks into their classroom, they should be entering an environment where they can learn, feel safe, and express themselves meaningfully.

Let adults shoulder the burden of government mandates and states of emergency and leave the children out of it. I sincerely hope that our Governor, our teachers, and all school officials would agree that the well-being of children should be a priority and that we can take on a little extra risk for ourselves to protect them.
