## REDEEMER COVENANT EASTER FAIRE RETURNS

Redeemer Covenant Easter Faire Returns Covid stopped us for a number of years, but the Redeemer Covenant Church Easter Faire is back! We are celebrating Jesus' resurrection by throwing a party for our community, and you are all invited! Join us for our celebration service at 10 AM with indoor and outdoor seating. Children will have an opportunity to gather in our special kid's wing for fun and sharing. Join us at 11 AM for the Easter Faire! We will have egg hunts for four different age groups, carnival games, prizes, face painting, crafts, a cupcake walk, and a bounce house. Hopefully, the sun will shine!

Redeemer Covenant has been my church home for almost 50 years. The impact of this church on our family cannot be overstated. When I was young my parents took me to church every Sunday, but it was a long drive from our home and none of my school friends went there. I accepted Christ as my Lord and Savior when I was 9 years old, but I drifted away from church in my late teens. I still knew God was there, but my life seemed too busy to want or need Him. Crazy when I think about it now. I got married, and we moved from the Bay Area to Orangevale. When our first son was two years old, I realized I wanted him to know the Lord. I could talk about Jesus with him but felt woefully inadequate. I told my husband I wanted to start attending a church

near our home – not a long distance like when I grew up. We started attending Redeemer Covenant Church in Orangevale, and it became our church home. My husband was soon baptized. We eventually had three sons, and they often chose to sit in church with us instead of going to children's church. I would tell them they had to sit still and listen, no games. Our boys would talk about the sermon on the way home from church – it amazed me – they actually listened!

Each of our sons found friends and mentors in the Youth Group that have lasted to this day. We need the support of a village to help us raise our kids, and Redeemer was part of our village. The Youth Group activities and service projects taught them how to live a good life. Now grown men with families of their own, they each have an abiding faith in our Lord which started at church. They are honorable, compassionate, and generous individuals. I do not credit my husband and myself for the wonderful men they are today; I give thanks for the people of Redeemer and our Lord.

Whether you join us for a day, or a lifetime, we hope to see you on Easter Sunday! We are proud to be part of our Orangevale community!

# CASA ROTC VISITS HAWAII

During President's Week break from school, for six days, 23 juniors and seniors from the Casa Roble Junior ROTC took an Air Force JROTC Curriculum in Action trip to Hawaii. They undertook a multitude of activities while there, from visiting the newest Navy destroyer, the USS Inouye, to spending the night on one of the most historical Navy battleships, the USS Missouri. The cadets were also able to get up close and personal with the Air Force's F-22 Raptor and get a

mission brief from Raptor's Squadron Commander. From exploring WWII and Vietnam war history at museums, to folding the flag on the surrender deck of the USS Missouri and raising the flag over the USS Arizona at Pearl Harbor, the trip was packed with loads of activities where students learned and had fun. Cadets were allowed free time to go to the north side of Oahu, or go to shops or malls to buy souvenirs and enjoy Hawaii's great weather. Among these activities,

at Pearl Harbor, our cadets were also offered the rare opportunity to lower the flag for retreat on the decks of the USS Missouri - right at the spot where a treaty was signed that ended WWII! Although rain was present the day following the encampment, cadets made the best of it. Unfortunately, the planned luau was canceled because of the in-climate weather, so the cadets went to Waikiki. Here they enjoyed the leisure's of shopping and warm rain. A tour of the USS Inouye was a treat as well. Students were privileged to get a special tour and see the navy's newest technology added to their destroyers as well as some more rain. After the tour of the USS Inouye, cadets went to Hickam Air Force Base to go bowling at Hickam Bowling Center. On one of the other days, our cadets went snorkeling in Hanauma Bay. And afterwards, they went to the Aloha Swap Meet at the Aloha Stadium. One cadet commented, "Overall, this trip was amazing and I looked forward to attending it again but with some new faces and new adventures. Casa's ROTC is a wonderful program that we have all decided to join, and I recommend it to anyone who is interested in learning, not only about our culture and country, but also about themselves and what we can handle together."

## LET'S GET TOGETHER FOR THE BIG DAY OF SERVICE 2023!

By MaryAnne Povey

Their back! The 5th Annual Big Day of Service (BDOS) 2023, is getting ready to tackle over 40 service projects in Orangevale and Fair Oaks and they need your help! So gather up your friends, families and co-workers and save the date for May 6th, 2023! After two years of scaling back, the Big Day of Service is back in full force and volunteers are needed!

"This is an exciting opportunity for the community to come together and make a positive impact locally," said Josh Hall, OV-FO Community Foundation Executive Director. "This will be our 5th annual Big Day and will unite over 1,000 volunteers from local churches, clubs, schools, organizations, and businesses around the cause of improving our community. It is going to be a great day!"

Projects range from encouragement, to care packages, park clean-ups, and school beautification projects. There is something that will fit everyone's skills and interests!

"Some of the fan favorite projects include cookies for seniors, military care packages, and the school beautification projects," said Jenn Gustafson, event coordinator.

Organizers are hoping to get at least 1,000 volunteers this year, and everyone is encouraged to sign up. Projects vary needing from 10 to 50 volunteers, so people can sign up on their own or as a group.

Be sure to plan for the kick off rally happening at Sunrise Community Church, 8321 Greenback Lane. Check in starts at 7:30 am and the rally kicks off at 8:30 am. Everyone

is encouraged to attend. This is a great opportunity to gather together and get pumped up before heading out to the work projects.

"It's really important to be part of the Big Day rally," said Jenn, "Besides volunteering at the projects, it's the best part of the Big Day, where people come together to enjoy breakfast, get their t-shirt, connect with others and get excited to come work together as a community."

Wondering how long it will take? Most projects range from two to four hours and should all be done by 1 pm on Saturday afternoon.

For those interested in helping to sponsor the Big Day, or donating to help cover the cost of a project, sponsorships are available. This is a great opportunity to give back to the community and support the projects that are happening.

It's also a great way to let the community know about your organization or business.

Sponsorship includes promotion on the Big Day website, social media, Big Day T-shirts and signage. If that's not enough, on the Big Day. Project and Event Sponsors will get a free vendors booth during the morning rally on May 6 to promote their business, organization, or group.

"We are so excited about getting the community re-engaged and back out volunteering together this year, in a way we haven't been able to do for a few years," added Josh Hall.

So what are you waiting for? Sign up with family and friends, come to the kick-off rally, and get ready to make a positive change that will benefit everyone in our community!

For more information about sponsorships, projects and to sign up to volunteer, go to [www.bigdayofservice.com](http://www.bigdayofservice.com).

See ya out there!

Orangevale Volunteer  
Fire Department  
1918 -1939

Way back when, in 1918, Orangevale was in the Mississippi Township and had about 1700 residents. Most were farmers. Folsom was a bit bigger with a more diverse population and had the Folsom Telegraph newspaper. Add in the census of 1920 to that and here's what I came up with about the first volunteer fire department.

The Sacramento County Farm Bureau promised to furnish "apparatus" to any rural community organizing a fire department, so in June 1918, the Orangevale department was organized with Samuel Haywood as chief, Frank Sands as warden and R. L. Gibbons as secretary. Volunteers were needed.

The apparatus could have been a hose cart or maybe a wagon to be pulled by a horse. Nothing was located to identify specifics, but other local departments did have hose carts.

Farmer, Samuel Haywood, his wife Carrie and son Charles lived on Pecan Ave. He was born in Vermont and was 60 years old. Their neighbors were the Takemotos and the Thompsons. A couple doors down lived Hanna

Wickstrom and her four children. One can only imagine why he-or these other two-decided to serve the community in this capacity.

On Hazel Ave, Frank Sands, a fruit farmer, lived with his wife and four children. His mother also lived with them. He was from Minnesota and was 43. His neighbor was Prosper Tomich and family.

R.(Robert) L. Gibbons, fruit farmer, was only 28 when he volunteered to be the secretary of the department. He and his wife Maud (Moesinger) and their three daughters lived on Greenback.

From research, and with thanks, there were no fires of note in this area. In the 1930s that changed.

## FENTANYL – ONE PILL CAN KILL

Fentanyl – One Pill Can Kill  
By: Supervisor Sue Frost

Rachael King (On left in photo above) was a manager at the Noodles Restaurant in Folsom and was a proud recipient of the September 2018 Sacramento County Food Safety Award of Excellence. Four months later she died after taking a pill that unbeknown to her was laced with Fentanyl.

It's difficult to share this with you and I want you to know that I talked about it with Rachael's parents who allowed me to share some of her story. Rachael was a valedictorian and an aspiring chef with dreams and a bright future. She was the only daughter, and her death was a devastating blow to her parents, brother and all who loved her. Her parents have tried to advocate for justice and have been an inspiration behind important programs emerging as the increase in Fentanyl deaths cannot be ignored. I am dedicating this newsletter to Rachael. I believe she would want to warn others about "Fentanyl - One Pill Can Kill."

Do you remember "Every 15 Minutes" or "Arrive Alive Drive Sober?" For those who don't know, they are reality-based programs designed to challenge teenage students and parents to think before driving drunk. I recently attended a similar program at Folsom High School that was hosted by Arrive Alive California, Inc. Their program is called "Fentanyl - One Pill Can Kill." I was a proud champion of this program which was funded by Sacramento County's ARPA in response to the growing drug problem in our region. During their program

I heard personal testimonies from parents, shocking statistics, and an ambulance professional shared that if someone overdoses and you call 911, the health professionals do not report your drug activities. They talked about the symptoms. If the person is unconscious, small pupils, shallow breathing, vomiting, inability to speak, faint heartbeat, limp arms and legs, or discolored lips or fingernails, call 911.

Fentanyl is a powerful synthetic opioid that comes in many prescription forms. It is similar to morphine, but I am told it is up to 100 times more potent. It is typically used to treat severe or chronic pain for people who are physically tolerant to other opioids. Since 2020 the use of opioids, especially Fentanyl, has grown exponentially. In the past three years, according to Sacramento District Attorney Thien Ho, there have been 360 Fentanyl poisoning deaths in Sacramento County. That is more than gun-related homicides, he said.

For those who want justice, it is challenging. In general, most Fentanyl deaths are listed as accidental overdoses. They accepted the pill from a friend or paid a dealer for a street drug, not realizing it was laced with Fentanyl. The pills look just like prescription pills. At the crime scene, people may say that the person was fine when they went to bed and there was no indication of a problem, but for law enforcement to pursue a murder investigation they would need to show intent to kill or reckless disregard or indifference to human life. Further, if the case report lists accidental death, then the case follow-up is under that assumption, and it is not technically a

murder investigation. This has been a heartbreaking disappointment for family members who are screaming for justice and want to prevent the future loss of innocent lives.

I recently met with Sacramento D.A. Thien Ho to discuss the justice dilemma. He expressed the seriousness of this matter and shared that he has a four-part plan. Then he told me about how cases are built piece by piece, and he is establishing processes to set the stage for documenting a case on record. Then we talked about the difference between implied malice and express malice. Implied malice refers to a person's intention to cause grievous bodily harm. Express malice murders include killings where the person intended to cause death. In contrast, implied malice includes killings that occurred while a person was committing a felony or when deaths resulted from an action that displayed a depraved indifference.

District Attorney Ho's plan includes a "Watson Warning" which is given to defendants who are found guilty of selling Fentanyl. If they sell Fentanyl again and cause injury or death, they can be charged with a much more serious crime - including murder. He is calling for Regional Response Teams. Sacramento is working with other County's (Riverside, San Bernardino, San Diego, Placer) to learn about how they are building out their response. He is partnering with our Sheriff and other agencies to create Fentanyl Response Teams. There will be a protocol in place to retrieve phones to look at texting and collect evidence. A drug task force would trace dealer connections and when a dealer is associated with several deaths it is possible to begin to build a case on record that shows reckless disregard. Other Partnerships with the U.S. Attorney General and the Eastern District will be pursuing more legal solutions and finally the Education Programs such as the Fentanyl - One Pill Can Kill is a program that is targeting youth in schools to help them understand, "FENTANYL - ONE PILL CAN KILL!"

We cannot bring Rachael back, but her life was a precious gift to our world and it mattered. If you have pain of any kind, buyer beware... One Fentanyl Pill Can Kill. Other drugs and even marijuana vaping have been laced with Fentanyl and killed innocent people! The best advice when considering recreational street drugs is "Just Say NO!"

# ORANGEVALE COOKS

BY  
Suzanne Feblowitz

I am always on the lookout for new recipes and this week I was checking out everyone's lunches in the staff room!! I found a new recipe from Vallerie Whitehorn!! She listed the ingredients and told me the basic directions and here it is! You can use the meat for French dip sandwiches, burritos or just a sandwich! It is super easy and perfect for this time of year when everyone is out and about with baseball

and other Spring activities!

If you would like to share a favorite recipe, please send a copy to Suzanne Feblowitz at the Orangevale View ([editor@ovview.com](mailto:editor@ovview.com)). Be sure to include your phone number or email with your recipe in case we need to contact you. If you wish to remain anonymous, just let us know and we will omit your name.

### EASY SLOW COOKER BEEF

1 chuck roast, 2-3 pounds  
1 jar of sliced pepperoni-16 ounce  
1 onion, cut up in quarters

Place the onion on the bottom of the slow cooker. Then put the roast on top of the onion and then pour the whole jar of pepperoni and juice over the beef. Cook in the slow cooker for 8 hours until tender. Use the meat in sandwiches, burritos or any other dish. Makes great left-overs.

### Orangevale Teen Council Celebrates their 1 year Anniversary!

On Wednesday, March 29th the Orangevale Teen Council, made up of middle and high school teens from Orangevale and surrounding areas celebrated ONE YEAR of making a difference in our community! They enjoyed dinner, treats, activities and a new logo painting competition for tshirts they are designing! These teens have gained leadership skills while working together to host numerous community events for local families and teens! If your teen is interested in joining the OTC please follow our Facebook and Instagram accounts for more details and upcoming meetings or contact our Teen Council Advisor Jenn Gustafson at [jenn@ovfocf.org](mailto:jenn@ovfocf.org)

If you would like to support these teens in their work please visit [ovfocf.org](http://ovfocf.org) and click donate and choose the Orangevale Teen Council under "I would like my gift to support."

We are excited for our second year and everything we have planned!
