ZARIA GEE HITS FOR THE CYCLE WITHIN FOUR INNINGS

[Orangevale, CA.] On April 22, senior varsity softball player, Zaria Gee, hit for the cycle, a rare feat in the sport where a player hits a single, double, triple and home run within a single game.

Playing against El Camino Fundamental High School, Gee completed her hit for the cycle in only four innings. "I got the triple, the double, the single, and then the home run. I had it by the fourth inning, all in a row, one after the other," Gee said.

The fourth inning held the homerun which would complete the cycle, only Gee's hit that inning was more than a homerun: it was also a grand slam, earning four points for her team with one hit.

Gee was unaware of the possibility of her hitting for the cycle up until the fourth inning when the thought crossed her mind.

"During my fourth at bat, right before I hit my home run, I was like, 'Oh, I've hit a triple, double and a single. If I get a home run that'd be kind of cool,'" Gee said. "So I kind of realized it, but I didn't expect it."

With bases loaded, Gee wasn't aiming to complete her hit for the cycle, rather she wanted to remain consistent with her batting, and do the best she could with the pitches provided. This changed once she saw the pitch headed her way, and she knew.

"I realized right before I hit the ball. Usually you can see the ball. It's coming in, it looks good, you swing and you can just feel it. You know it's a good swing," Gee said.

Gee celebrated her hit for the cycle as she ran the bases. "It felt better than hitting a home run, because when I was running the bases, I got happy and started cheering. It was very uplifting to know that I had completed that," Gee said.

Awaiting the moment she could celebrate with her team in the

dugout, Gee rounded the bases and entered the dugout keen to tell others of her accomplishment. Gee said, "They were all super surprised and happy for me, we were cheering together and it was really fun."

Gee's hit for the cycle resulted in a celebration that night at dinner, where Gee and her parents shared their excitement at her hit for the cycle. "We deeply admire her dedication and hardwork, and it's moments like these we're so thankful to experience and celebrate with her," said Tina Gee, Zaria Gee's mother.

Despite all the happiness at Gee's accomplishment, she views her hit for the cycle as motivation to continue consistent practice and good work in batting. She has set no new goals for herself, other than to continue working towards the best she can. "My aim is to stay consistent with my hitting throughout the season," said Gee.

Informing, Empowering & Engaging Readers With Their Community

Watching a Vision Grow: The Beginnings of a Food-Growing, Food-Sharing, Food-Sustainable Community PART 1

By Patsy McGavock,
JustServe.org

(Orangevale CA) Can the Garden of Eden exist in your backyard? In Orangevale and Fair Oaks, the seeds of a food-sustainable community are already being sown.

"To me, a food sustainable community is one where local residents have meaningful access to fresh, healthy food," said Laura Schaub, director of Permaculture Fair Oaks and owner of Ranch Handy Design. "And where as much of that food as possible is grown, shared, and enjoyed close to home."

It's a vision rooted in resilience and powered by connection. "It's about being less reliant on long supply chains," Schaub said, "but it's also about building stronger ties between neighbors, farmers, and gardeners."

The Orangevale Fair Oaks Food Bank Farm is central to this growing vision. Farm Manager Lacey Yuke shares the difference between local stewardship and corporately grown food. "We're not producing for quarterly returns," she said. "We're growing for dignity, for health, and for community."

Having worked 1,000 acre corporate farms where food is ground, jarred and shipped,

Yuke says, "Here, the food goes where it's needed. It's fresh. It's beautiful. People respond when they receive it, 'This makes me feel special.'"

Vicky Hart, president of the Orangevale Garden Club, wants everyone to feel that joy. "We want to encourage people to grow things - to remove barriers for people, get plants out to the community. Our sharing tables have been very popular lately. Giving someone a plant for free removes a barrier."

The Garden Club focuses on those in the 'middle space,' who don't receive assistance but still struggle to access healthy, fresh produce. "We removing barriers of entry by teaching people how to make their home garden sustainable and magnify the resources they have. Such as harvesting seeds from your own tomatoes to plant lots of tomatoes. Then share lots of little tomato plants. People don't think often think about that cycle. Plants live to create more plants."

Abundant Generosity- Connecting the Dots

Hart's working to connect the dots between resources in our community, rooted in a simple belief: "Extreme generosity begets extreme generosity."

In example, when the Food Bank Farm had extra tomato plants - they donated them to the garden club's sharing table. Plants that were left, garden club members potted into disposable cups and over 100 plants were distributed to food bank customers.

"There are so many layers in the community that can help

connect dots like this," says Hart. "Our goal next year - I want to give away 1,000 plants."

Another dot - seed libraries in 17 Sacramento County Libraries, including Orangevale. Free seeds are available to anyone - no library card required.

A dot still forming - a budding project of the food bank farm still in planning stages. A home orchard network where trees can be planted on 1/10 acre portions of donated land, then harvested and food shared.

WHEREAS, the Board of Directors (the "Board") of the Orangevale Recreation and Park District, County of Sacramento, State of California, has previously ordered through Resolution 92-06-51 the formation of an assessment district pursuant to the provisions of the Landscaping and Lighting Act of 1972 for the purpose of financing certain park and recreation improvements and refurbishments as specified in the District's updated Master Plan and for the purpose of funding maintenance operations of the District; and

WHEREAS, the Board, through Resolution 92-06-51, has ordered that the park and recreation improvements specified in the Engineer's Report dated March 26, 1992, be constructed, and has estimated that the cost of such proposed park and recreation improvements is greater than can be raised from a single annual assessment, and has ordered that the estimated costs of these improvements be raised by an assessment levied and collected in annual installments over a period of 20 years, commencing in fiscal year 1992-93 and ending in fiscal year 2012-13 and then continued from year to year as necessary to fund other capital, maintenance and other needs;

NOW, THEREFORE, BE IT RESOLVED, by the Board of Directors of the Orangevale Recreation and Park District, County of Sacramento, State of California, that:

1. On July 17, 1991, by its Resolution No. 816, this Board ordered the formation of and levied the first assessment within the Orangevale Recreation and Park District Maintenance Assessment District 1991 (the "Assessment District") pursuant to the provisions of the Landscaping and Lighting Act of 1972.

2. On February 20, 2025 this Board adopted Resolution No. 25-02-735, A Resolution Directing Preparation of the 2025-26 Annual Report for the Orangevale Recreation and Park District Maintenance Assessment District. Pursuant to this resolution, SCI Consulting Group, the Engineer of Work, prepared a report in accordance with Article XIII of the California Constitution and Section 22565, et seq., of the California Streets and Highways Code (the "Report"). The Report has been made, filed with the Clerk of the Board and duly considered by the Board and is hereby deemed sufficient and preliminarily approved. The Report shall stand as the Engineer's Report for all subsequent proceedings under and pursuant to the foregoing resolution.

3. It is the intention of this Board to levy and collect assessments within the Assessment District for fiscal year 2025-26. Within the Assessment District, the existing and proposed improvements, and any substantial changes proposed to be made to the existing improvements, are generally described as installation, maintenance and servicing

of public recreational facilities and improvements, including, but not limited to, turf and play areas, landscaping, ground cover, shrubs and trees, irrigation systems, drainage systems, lighting, fencing, entry monuments, basketball courts, tennis courts, gymnasium, running tracks, swimming pools, other recreational facilities, security patrols to protect the Improvements, graffiti removal and repainting, and labor, materials, supplies, utilities and equipment, as applicable, at each of the locations owned, operated or maintained by the Orangevale Recreation and Park District.

4. The Assessment District consists of the lots and parcels shown on the boundary map of the Assessment District on file with the Clerk of the Board of the Orangevale Recreation and Park District, and reference is hereby made to such map for further particulars.

5. Reference is hereby made to the Engineer's Report for a full and detailed description of the improvements, the boundaries of the Assessment District and the proposed assessments upon assessable lots and parcels of land within the Assessment District. The Engineer's Report identifies all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed.

6. The assessments are not proposed to increase from the previous year's assessments. The Board of Directors declares its intent to levy and collect assessments for the fiscal year 2025-26 within said district at an assessment rate of \$3.50 per month or \$42.00 per year per single family residential parcel, apartment unit and/or condominium; a lower rate of \$3.08 per month or \$36.96 per year per each mobile home unit or per one-quarter acre parcel devoted to commercial use; and a rate of \$1.40 per month or \$16.80 per year per one-quarter acre for parcels devoted to industrial or mini storage use, all as set forth in the benefit chart included in the Engineer's Report.

7. Notice is hereby given that on June 12, 2025, at the hour of 6:30 p.m. at the District offices of the Orangevale Recreation and Park District, 6826 Hazel Avenue, California 95662, the Board will hold a public hearing to consider the ordering of the improvements and the levy of the proposed assessments.

ORANGEVALE VIEW MAY 23, 2025

I am a bit of an unorganized person and as I was organizing, I found a clipping from the OrangeVale News from 2007. It was an Orangevale Cooks article! I am sharing a recipe from that issue. I guess I have been doing this for a little while!

This recipe is from Fran Schoonmaker who would send in recipes from time to time. We would love to receive more recipes from readers!

If you would like to share a favorite recipe, please send a copy to Suzanne Feblowitz at the Orangevale View (editor@ovview.com). Be sure to include your phone number or email with your recipe in case we need to contact you. If you wish to remain anonymous, just let us know and we will omit your name.

FIESTA DELIGHT

6 eggs, beaten slightly
1 lb. grated jack cheese
1 pint Farmer Style cot-

tage cheese (regular works fine)

1 (4 oz.) can chopped jalapeno peppers
1 cup Bisquick baking mix
1 cup milk
1 cube melted butter

Mix all ingredients in a large bowl. Pour into a 9x13 baking dish. Bake at 350 degrees for 40 minutes. The top will be golden brown. Serve with salsa and guacamole.

Enjoy!

FOREVERLAWN SACRAMENTO

Brian and Dale Karmie started the Foreverlawn brand in 2004. Since then, Foreverlawn has been the industry leader in artificial grass in 5 different vertical markets: golf greens, sports fields, playgrounds, landscapes, and the patented K9 product. Our newest partner is Cesar Milan “Better Human, Better Dog.” Foreverlawn’s home office is located in Ohio. A majority of the products are American made.

Foreverlawn products can be found in the Cleveland Browns NFL Stadium, the NFL Hall of Fame, Disneyland, Legoland, ESPN, parks, playgrounds and many additional nationally recognizable hotels, doggy day cares and notable brands. Foreverlawn Sacramento is excited about future partnerships with Dick’s Sporting Goods and the UC Davis Children’s Hospital.

Foreverlawn Sacramento is the 3rd dealership in California and #87 nationwide. The owners, Garrett Hoey and Shana Walters, were both born and raised in Orangevale. Garrett graduated from Casa Roble High School and Shana from Bella Vista High School. Their children will be 3rd generation graduates from San Juan Unified school district. Garrett & Shana are happy to join the Foreverlawn family and are even more excited to serve the community in which they were born and raised.

If you are tired of paying hundreds of dollars each month trying to keep your

yard green, call Foreverlawn Sacramento at (916) 307-1035 to schedule a free estimate. Foreverlawn is the environmentally friendly solution to the rising cost of water, maintenance costs and the daunting task of attempting to keep your grass green in the hot summer months. Easy payment plans are available for less than you spend each month in yard upkeep. Most products include a 15-year warranty. HISTORY • PROJECT

The Good, the Bad and the Desperate A Reminiscence From Interview with Prosper Tomich Children in 1978

By Margaret Tomich McAllister

Virtue seemed to be in greater supply back then. Not everybody subscribed to the same set of rules all the time, especially where liquor and Saturn nights were concerned; but, in general, it was a very upstanding community.

If frugality is a virtue, then Ben Robbin was canonizable. He was a very old man when we were kids and he lived in a little shack on his old-age pension. He was not

a man you would notice but no one escaped our youthful scrutiny. It was our observation that when the knees wore out on his trousers, he simply turned his pants around to get full wear.

Orangevale prided itself on its neighborly charity which needed no pleading because we all shared the certainty that a bad crop or two could take any family down. One Christmas, a nearby family was in need, so every family chipped in food, clothing and money. Then we learned that the donated funds were used to buy a new radio. That wasn't a bad thing; it's just that one of the other families could not afford one.

"Bad" was reserved for people we didn't know much about, like the Jacksons. They were more of a mystery than an evil incarnate. That is because nobody ever really explained to us kids what they did that was so wrong. Someone would say, "Did you hear what the Jackson brothers did now?" Mm, mm, mm," the other person would say shaking his head. What we imagined they did was probably worse than what they actually did do. All we were sure of was a little danger and sometimes the law trailing after those boys.

They used to live below Castleman's Store. There was Bob the father, Bob the son, and Theo, his other son, who was rather odd and probably a bit retarded; but who knew back then. Then there was Bucky, who owned Bucky's Irish Tavern down on Second Street, and the two girls Alice and Wilma. The story goes that Bob, Sr. liked to drink a lot and maybe his sons did too. There would be some kind of ruckus and the sheriff had to be called, on more than one occasion, to go in and settle them down.

For sale \$13,500: A stunning 2002 Ford Thunderbird, offering the best of both worlds—a sleek hardtop for cooler months and a convertible for sunny drives. This beauty has been lovingly cared for by its original owner, always garage-kept, and has under 62,000 miles. The striking teal blue exterior pairs perfectly with a black leather interior, and it comes equipped with a rack for the hardtop and a cover for when the convertible is down. It features an automatic transmission, like-new tires, gleaming chrome covers, and an AM/FM radio with a CD player. The air conditioner needs a recharge, but the car is in great shape overall. We'll gladly show the buyer how to remove and install the hardtop. Serious inquiries, call 916-837-8877—if I don't answer, please leave a message!

MOUS SUCCESS!

THANK YOU to everyone that helped make our Menstrual Product Drive a success for the 5th year in a row! We collected 10,417 menstrual items for organizations in our community, such as Orangevale Teen Council, Orangevale-Fair Oaks Food Bank and SJUSD FACE mobile program. We are so grateful for the support of the businesses, the organizations, the Bunco Night attendees, those who purchased from our Amazon Wishlist and those who dropped off items.

This Spring OVWC had two large fundraisers: our Bunco night and a Yard Sale. Both were highly successful which helped build our revenues so we may continue to support local community programs such as the Orangevale-Fair Oaks Food Bank, local scholarships, local educational needs, and programs to aid seniors and Veteran's.

Look for us in the Orangevale Summer Palooza's Red, White & Blue Parade on June 7th! OVWC is a community service organization that has fun helping others. If interested in learning more, please visit our website at: www.orangevale-womansclub.org.

The Good, the Bad and the Desperate Continued From Page 13

Bucky used to have a Model T Ford like everybody else, but he was the only one in the county painted yellow. One night Bucky and some companions pulled up in front of Castleman's Store to get gasoline. They all jumped out while Bucky and one of the other boys took up their seat to get to the tank underneath. Bucky unscrewed the cap and dipped the stick in to see how much gas he had, but it was too dark out. "I can't see the danged thing," Bucky said hold the stick up in the moonlight. That is about the time one of his buddies lit a match, held it over the tank and peered in. "I think you got about half a tank, Bucky," he announced, calmly extinguishing the flame between two wet fingers. Blowing up Castleman's Store would definitely have been bad; nobody needed to explain that one to us.

Mr. D.S. Pratt was a henpecked husband. We called him "desperate" because we figured that's what he must have been when he married his wife. He worked in a cabinet shop and in the lumberyard in Folsom and on his way home each evening he liked having a beer with the boys. He didn't stay long, and he never came home drunk, but that didn't matter. Mrs. Des-

perate, who was a staunch Prohibitionist, didn't like it one bit and used to chew him out when he got home. Either he didn't care, couldn't hear or it was very good beer. Maybe he just got used to it, like he got used to his mail being

censored. Mrs. Desperate used to stand out at the box reading his mail and throwing some of it out before she ever brought it into the house. He never complained.

People thought they heard a peep out of D.S. one time, though. It was a Saturday night and the Pratts and everybody else were crammed into the clubhouse watching a movie. There was nothing particularly extraordinary about this movie, nothing people around here had not seen before—car chases and pratfalls, vaudevillians and girls in bathing suits. Well, it was the last time that Mrs. Pratt's blood was boiling. She sat there, her eyes getting wider and wider with each flickering frolic on the beach until she couldn't take anymore. She grabbed Mr. Pratt by the ear and hauled him out of the room, which was about a million times funnier than anything that happened on the screen that night.

The Orangevale History Project meet will meet on Wednesday, June 4th at 6pm in the Orangevale Library. Join us for the presentation on The Stone Corral in Orangevale. The museum is at 6920 Hazel Avenue and open every Tuesday, Thursday and Saturday from 12m to 4pm. Come visit and explore the history of the community. The Gift Shop has great Orangevale Swag.

SAFE Credit Union to Collect Worn U.S. Flags for Proper Retirement

To honor this summer's patriotic holidays, SAFE Credit Union is holding its second annual American flag collection drive from Friday, May 23 through Wednesday, July 30. The drive invites the public to bring in old and damaged flags for proper retirement.

Flags ready for retirement can be brought to any of SAFE's 17 branches in the Greater Sacramento area (see list of branches below) and at its Folsom headquarters. This year, SAFE is partnering with the Aerospace Museum of California to host a collection box as well.

"SAFE is honored to provide the service to our members and the public," says SAFE Credit Union Executive Vice President and Chief Technology Officer Mike McCarthy, who is a veteran and founder of a SAFE employee group called VALOR (Veterans and Loved Ones Resource). VALOR members are dedicated to supporting active military personnel, veterans, and their families.

SAFE will forward the collected flags to the Veterans of Foreign

Wars (VFW) Post 6604 in Folsom for them to arrange retirement ceremonies under the U.S. Flag Code.

This year, SAFE is extending the collection period from Memorial Day weekend to the end of July, a time that includes Memorial Day, Flag Day, and the Fourth of July.

"Last year, we conducted this for a few weeks around Flag Day and

the Fourth of July and gathered more than 300 flags," McCarthy says. "People told us that they appreciated us providing this service. We're excited that this year we are expanding the collection time and adding the Aerospace Museum as a place to drop off flags."

SAFE Credit Union Senior Front End Web Developer Christopher Rhodes connected with VFW 6604 to arrange for the post to provide the proper retirement ceremonies. The VFW works with Golden Empire Council Scouting in the Greater Sacramento area to conduct the reverent ceremonies as part of their programs. "We appreciate the VFW helping us this year," says Rhodes. "They do so much to support veterans and causes like this and this is one way they continue to serve the nation and uphold respect for our flag."

SAFE Financial Services Operations Manager Amy Peeples brought in the first flag for the collection program at SAFE headquarters, a flag once owned by her grandfather, a World War II veteran who died last year at age 98.

"I found it in his garage in a property he owned in Arizona, so I don't know the history of the flag, but I thought it was perfect to bring it in for VALOR and the flag donation to ensure it gets disposed of properly," she says.

SAFE's 85-year heritage stretches back to 1940, when it started as a credit union serving Army Air Corps personnel at what would later become McClellan Air Force Base in Sacramento, now home to McClellan Park.

While being a member of the credit union no longer requires military affiliation, today SAFE proudly continues to celebrate and support its many employees and members who are active National Guard and reservists, veterans, and families of active and retired military. The credit union has also awarded several grants and scholarships to nonprofit organizations supporting veterans and their families.

For more information about SAFE's flag collection program or to interview Executive Vice President, Chief Technology Officer Mike McCarthy, SAFE Financial Services Operations Manager Amy Peeples, or Web Developer Christopher Rhodes, contact SAFE Credit Union Senior Communications Specialist Robyn Eifertsen at robyn.slagle-eifertsen@safecu.org or 916-809-7002.
